The Honorable Adam Smith, Chairperson  
House Committee on Taxation  
300 SW 10th Avenue, Room 346-S  
Topeka, Kansas 66612

Dear Representative Smith:

**SUBJECT:** Fiscal Note for HB 2205 by Representatives Rhiley and Roth

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2205 is respectfully submitted to your committee.

HB 2205 would authorize the Board of Trustees of the Udall Public Library to adopt a resolution to create a library district and propose a tax levy amount for the library district. Library district would be defined as all territory located within boundaries of unified school district (USD) No. 463. A tax levy would be levied on behalf of the library district by the USD 463 Board of Education. The amount of the tax levy would require an election that would be called by general bond law. Tax levied on the land within the library district could not be used to support regional system of cooperating libraries.

The State Board of Education indicates that property owners in USD 463 would pay additional tax, which would depend on the mill rate levied by the library district board. Based on the most recent assessed valuation, one mil would generate \$35,759.

The State Library indicates the South Central Kansas Library System, a regional system, would no longer be able to include USD 463 in its taxing district. The regional system provides efficiencies through consultants serving the libraries in the system as a whole. The new library district would receive \$18,944 in grants and services from the regional system without paying any taxes directly to the system; however, it would be a reduction of \$616 because the local library would have fewer out-of-district borrowers.

The Office of the Secretary of State indicates HB 2205 would have no fiscal effect on its operations. However, the bill would have a fiscal impact on the Cowley County Election Office since the bill would mandate a special election be held to authorize the library district. The special

election could cost between \$10,000 and \$15,000. The county election office would charge the cost to the local jurisdictions affected by the library district.

The Department of Revenue indicates that HB 2205 would have a negligible fiscal effect on its operations. Any fiscal effect associated with HB 2205 is not reflected in *The FY 2024 Governor's Budget Report*.

The Kansas Association of Counties indicates HB 2205 would have a fiscal effect on Cowley County because the county would no longer be responsible for taxing to fund the library. The library district would have its own taxing authority within the boundaries of USD 463 resulting in a more stable source of funding. The League of Kansas Municipalities indicates HB 2205 would not have a fiscal effect on cities.

Sincerely,

A handwritten signature in black ink, appearing to read "Adam Proffitt", with a stylized flourish at the end.

Adam Proffitt  
Director of the Budget
