

February 7, 2023

The Honorable Will Carpenter, Chairperson  
House Committee on Federal and State Affairs  
300 SW 10th Avenue, Room 346-S  
Topeka, Kansas 66612

Dear Representative Carpenter:

**SUBJECT:** Fiscal Note for HB 2304 by House Committee on Federal and State Affairs

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2304 is respectfully submitted to your committee.

HB 2304 would provide that for the purposes of promoting the safety and protection of students and emphasizing how students should respond when encountering a firearm, school districts could provide firearm safety education programs.

The State Board of Education would be required to establish curriculum guidelines for a standardized firearm safety education program. The guidelines would include accident prevention. For students enrolled in kindergarten and grades one through five, the curriculum would be based on the “Eddie Eagle Gunsafe Program” offered by the National Rifle Association. For grades six through eight, the curriculum would be based on the “Eddie Eagle Gunsafe Program” or the “Hunter Education in Our Schools Program” offered by the Department of Wildlife and Parks. For grades nine through 12, the curriculum would be based on the “Hunter Education in Our Schools Program.” If a local board of education would elect to provide firearm safety education, the instruction would be required to be in accordance with the guidelines established by the State Board of Education. The local board of education would be required to ensure that all students are provided the opportunity to take the course.

Estimated State Fiscal Effect				
	FY 2023 SGF	FY 2023 All Funds	FY 2024 SGF	FY 2024 All Funds
Revenue	--	--	--	--
Expenditure	--	--	\$70,000	\$70,000
FTE Pos.	--	--	--	--

According to the Department of Education, the enactment of HB 2304 would require the creation of a standards development committee, which would include key stakeholders from across the state. The committee would meet multiple times over the course of a year to develop the required standards. Costs for the process would include development and review of materials, transportation reimbursement for some in-person meetings, and other development costs at an estimated cost of \$70,000, all from the State General Fund. The Department notes that local school districts would incur costs to train teachers in the new standards and purchase new curriculum materials; however, the cost of these materials would not be known until the standards are developed. Any fiscal effect associated with HB 2304 is not reflected in *The FY 2024 Governor's Budget Report*.

Sincerely,

A handwritten signature in black ink, appearing to read "Adam Proffitt", with a stylized flourish at the end.

Adam Proffitt  
Director of the Budget
