(c) The school days on which a district determines the full-time equivalent enrollment of a

pupil under paragraphs (1) and (2) of subsection (b) shall be the school days on which the pupil has the highest number of hours of attendance at the virtual school. No more than six hours of attendance may be counted in a single school day. Attendance may be shown by a pupil's on-line activity or entries in the pupil's virtual school journal or log of activities.

Any unencumbered balance of moneys remaining in the virtual school fund of a school district on June 30, 2012, may be expended in the school year that immediately succeeds such date by the school district for general operating expenses of the school district as approved by the board of education.

In preparing the budget of such school district, the amounts credited to and the amount on hand in the virtual school fund, and the amount expended therefrom shall be included in the annual budget for the information of the residents of the school district.
