

March 5, 2013

The Honorable Pat Apple, Chairperson
Senate Committee on Utilities
Statehouse, Room 224-E
Topeka, Kansas 66612

Dear Senator Apple:

SUBJECT: Fiscal Note for SB 154 by Senate Committee on Utilities

In accordance with KSA 75-3715a, the following fiscal note concerning SB 154 is respectfully submitted to your committee.

SB 154 would amend the expiration date of net excess customer-generator credits. When a customer-generator generates electricity in excess of monthly consumption, any net excess generation credit remaining in the customer's account would expire after 12 months on whichever of the following dates is chosen by the customer: March 31, September 30, or December 31. A customer could elect to change the expiration date of his or her net excess generation credit by notifying the utility in writing at least 60 days prior to the current expiration date.

Passage of SB 154 would have no fiscal effect on the Kansas Corporation Commission.

Sincerely,

Steven J. Anderson, CPA, MBA
Director of the Budget
