## **Background**

The bill was introduced by the House Committee on Appropriations.

At the hearing on the bill, testimony was provided by representatives of Game On for Kansas Schools, Kansas Action for Children, Kansas Association of School Boards, Kansas Policy Institute, Kansas PTA, and several school districts, and by a private citizen. Written testimony was provided by the Kansas Chamber of Commerce, the Kansas School Superintendents Association and United School Administrators of Kansas, the League of Women Voters of Kansas, Schools for Fair Funding, and several school districts. The hearing was held jointly with the Senate Committee on Ways and Means.

The House Committee recommended HB 2001 be passed on June 23. On June 24, the bill was referred back to the Committee which met twice, adopted amendments to the bill and recommended those amendments be incorporated into the substitute bill.

The substitute bill would eliminate the reduction in General State Aid contained in the original bill (\$13.0 million) and would instead utilize designated proceeds from the sale of the KBA. If the proceeds of the sale of the KBA are less than \$38.0 million, then the amount of money appropriated to the Extraordinary Need Fund would be reduced by the amount of the shortfall. The substitute bill also includes the transfer of \$5.0 million from the State Highway Fund to the Extraordinary Need Fund.

The House of Representatives made a technical amendment on final action.
