

**SUMMARY OF CONFERENCE COMMITTEE REPORT FOR
SENATE SUB. FOR SUB. FOR HB 2052
Expenditures for FY 2017, FY 2018, FY 2019, and FY 2020**

The Governor's revised FY 2017 recommendation totals \$15.897 billion from all funds, including \$6.253 billion from the State General Fund. This is a State General Fund decrease of \$17.4 million, or 0.3 percent, below the amount approved by the 2016 Legislature, after adjustments.

The consensus revenue estimating process was completed on November 10, 2016, subsequent to agencies submitting budgets with revised expenditures for the current fiscal year. The results of the new consensus revenue estimates identified a \$349.9 million State General Fund shortfall for FY 2017. To address the shortfall, the Governor proposes to:

- Permanently delay a \$75.0 million payment to K-12 Education by one fiscal year;
- Freeze state contributions to KPERS at FY 2016 levels of about \$300.0 million annually (three quarters of a year). Savings are estimated at \$85.9 million in FY 2017;
- Fund the human services consensus caseload estimates adding \$147.0 million, including \$1.9 million from the State General Fund in FY 2017;
- Increase transfers from various agencies to the State General Fund by \$6.8 million;
- Reduce agency earnings by \$18.0 million to adjust for the the anticipated reduction in the value of the Kansas Bioscience Authority portfolio sale;
- Reduce the transfer from the State Highway Fund to the State General Fund by \$15.4 million;
- Reduce the Extraordinary Needs Fund by \$13.0 million (as required since the sale of the Kansas Bioscience Authority (KBA) did not exceed \$25.0 million); and
- Delete \$115.4 million to eliminate repayment of the delayed FY 2016 KPERS employer contributions for FY 2018.

The House Appropriations and Senate Ways and Means Conference Committee's FY 2017 budget totals \$15.8 billion from all funds, including \$6.2 billion from the State General Fund. This is a decrease of \$55.5 million, including \$62.3 million from the State General Fund, below the Governor's recommendation. Major changes to the Governor's recommendation are to:

- Delete \$62.2 million, including \$64.1 million from the State General Fund, to further reduce KPERS–School employer contributions by \$65.7 million and increase KPERS–State employer contributions by \$3.6 million, including \$1.6 million from the State General Fund. This will result in a total reduction of \$150.0 million, all from the State General Fund, below the amount requested by KPERS–School;
- Add \$15.0 million, all from the State General Fund, for reduced FY 2017 KPERS–School employer contributions for FY 2018 through FY 2037. Repayments of the FY 2017 reduced

contributions of \$150.0 million for KPERS–School is to be restored to the KPERS Trust Fund over 20 years starting in FY 2018 at \$15.0 million per year;

- Add language to transfer funding from the Treasurer's Unclaimed Property Fund in KPERS to the State General Fund to guarantee a \$50.0 million ending balance in FY 2017, with the remainder to be transferred in FY 2018, to be paid back in six equal yearly increments starting in FY 2019;
- Add language to authorize the sale of property by the Secretary of Children and Families and Secretary of Corrections, without requiring approval of the State Finance Council, in Chanute, Wichita, and Lansing in FY 2017; and
- Add \$6.0 million, including \$1.8 million for disaster relief expenditures in FY 2017. The Adjutant General states that there are 15 open disasters, seven of which are wildfires in March.
