***SB 418 (Kansas Open Records Act)***

SB 418 was introduced by the Senate Committee on Federal and State Affairs at the request of Senator Olson. In the Senate Committee hearing, proponent testimony was provided by a representative of Randall-Reilly. The proponent indicated Kansas is the only state that limits the use of information found in UCC filings.

Neutral testimony was provided by the Deputy Assistant Secretary of State, Business Services Division, who provided an overview of the UCC filings maintained by the Secretary of State. These filings relate to financial transactions secured by an interest in certain personal and commercial property, and in which both the debtor and creditor agree to secure a debt by such property.

No other testimony was provided.

The Senate Committee recommended the bill be placed on the Consent Calendar.

According to the fiscal note prepared by the Division of the Budget on the bill, the Office of the Attorney General and the Office of the Secretary of State indicate enactment of the bill would have no fiscal effect.
