

2018 Kansas Statutes

12-17,171. Addition or removal of real property within district; division of district; procedure. (a) Any addition of area to the STAR bond project district, or any substantial change as defined in K.S.A. 2018 Supp. 12-17,162, and amendments thereto, to the STAR bond project district plan shall be subject to the same procedure for public notice and hearing as is required for the establishment of the STAR bond project district. Any such addition of area shall be limited to real property which has not been part of another STAR bond project district. The base year of a STAR bond project district, following the addition of area to the STAR bond project district, shall be the base year for the original area, and with respect to the additional area, the base year shall be any 12-month period immediately prior to the month in which additional area is added to the STAR bond project district.

(b) A city or county may remove real property from a STAR bond project district by an ordinance or resolution of the governing body respectively.

(c) A city or county may divide the real property in a STAR bond project district, including real property in different project areas within a STAR bond project district, into separate STAR bond project districts. Any division of real property within a STAR bond project district into more than one STAR bond project district shall be subject to the same procedure of public notice and hearing as is required for the establishment of the STAR bond project district.

(d) Subject to the provisions of subsection (a), if a city or county has undertaken a STAR bond project within a STAR bond project district, and either the city or county wishes to subsequently remove more than a de minimus amount of real property from the STAR bond project district, or the city or county wishes to subsequently divide the real property in the STAR bond project district into more than one STAR bond project district, then prior to any such removal or division the city or county must provide a feasibility study which shows that the tax revenue from the resulting STAR bond project district within which the STAR bond project is located is expected to be sufficient to pay the project costs.

(e) Removal of real property from one STAR bond project district and addition of all or a portion of that real property to another STAR bond project district may be accomplished by the adoption of an ordinance or resolution, and in such event the determination of the existence or nonexistence of an adverse effect on the county or school district under K.S.A. 2018 Supp. 12-17,165(f), and amendments thereto, shall apply to both such removal and such addition of real property to a STAR bond project district.

History: L. 2007, ch. 179, § 12; L. 2016, ch. 89, § 4; May 19.
