

2018 Kansas Statutes

60-3405. Findings and purpose. Substantial increases in costs of professional liability insurance for health care providers have created a crisis of availability and affordability. This situation poses a serious threat to the continued availability and quality of health care in Kansas. In the interest of the public health and welfare, new measures are required to assure that affordable professional liability insurance will be available to Kansas health care providers, to assure that injured parties receive adequate compensation for their injuries, and to maintain the quality of health care in Kansas.
