

Definition of an Antique Vehicle; HB 2165

HB 2165 amends the definition of an antique vehicle for purposes of vehicle registration. An antique vehicle is defined as a vehicle, including an antique military vehicle, that is more than 35 years old and is propelled by a motor that uses petroleum fuel, steam, electricity, or any combination of those. The bill adds that the age of the vehicle is determined regardless of the age or type of the components or equipment installed on the vehicle.
