## **Background**

A sunset provision for all exceptions to KORA was added in 2000, requiring a review of existing exceptions within five years and of any new exception or substantial amendment to an exception by July 1 of the fifth year of enactment. Absent such review, the exceptions would expire. The law also required any exceptions continued after legislative review to be reviewed again five years later; however, 2013 HB 2012 modified the requirement so that exceptions would no longer be subject to review and expiration if the Legislature reviews and continues the exception during the 2013 Session or thereafter.

The bill was introduced by the Senate Committee on Federal and State Affairs at the request of Senator Olson.

## ***Senate Committee on Judiciary***

In the Senate Committee hearing on March 9, 2022, a representative of the League of Kansas Municipalities provided written-only proponent testimony in support of continuing the exception concerning recordings of custodial interrogations. No other testimony was provided.

On March 9, 2022, the Senate Committee recommended the bill be placed on the Consent Calendar.

## **Fiscal Information**

According to the fiscal note prepared by the Division of the Budget on the bill, enactment of the bill would have no fiscal effect.
