House Concurrent Resolution No. 5014

By Committee on Federal and State Affairs

2-12

A PROPOSITION to amend section 24 of article 2 of the constitution of the state of Kansas, relating to appropriations.

2.1

Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected (or appointed) and qualified to the House of Representatives and two-thirds of the members elected (or appointed) and qualified to the Senate concurring therein:

Section 1. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: Section 24 of article 2 of the constitution of the state of Kansas is hereby amended to read as follows:

"§ 24. Appropriations. No money shall be drawn from the treasury except in pursuance of a specific appropriation made by law. The executive and judicial branches shall have no authority to direct the legislative branch to make any appropriation of money or to redirect the expenditure of funds appropriated by law, except as the legislative branch may provide by law, or as may be required by the Constitution of the United States. Any existing order directing the legislative branch to make an appropriation of money shall be unenforceable as of the date this provision is adopted."

Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

"Explanatory statement. The purpose of this amendment is to clarify that the executive and judicial branches shall not direct the legislative branch to make any appropriation of money, nor to redirect the expenditures of funds appropriated by law, except as the legislative branch may provide by law, or as may be required by the Constitution of the United States. Any existing court order which is inconsistent with this amendment is unenforceable.

"A vote for this proposition would clarify that section 24 of article 2 of the constitution of the state of Kansas provides that neither the executive branch nor the judicial branch can force the legislative branch to appropriate money, except as the legislative branch may provide by law, or as may be

required by the Constitution of the United States. The amendment would also prohibit the judicial branch from ordering a change in how money is spent after it has been appropriated by the legislative branch, except as the legislative branch may provide by law, or as may be required by the Constitution of the United States. If money is appropriated for a particular purpose the judicial branch could not stop that money from being spent for that purpose. Finally, the amendment would void any current court order directing the legislative branch to make an appropriation of money.

"A vote against this proposition would provide no change to the constitution of the state of Kansas, and any existing orders that direct the legislative branch to make an appropriation of money shall remain in effect."

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the House of Representatives, and two-thirds of the members elected (or appointed) and qualified to the Senate shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at a special election to be held on the first Tuesday following 60 calendar days after the approval of this resolution by both the House of Representatives and the Senate of the Kansas legislature.
