RE: ad Astra Project Update

Thank you for allowing me to update you on the ad Astra project on the Statehouse grounds. Since the last time I spoke with you, I have worked to build a network that could help with the fundraising for this project. I now have several sources who have committed to raising the funds needed to complete the ad Astra project. The estimate for the project is \$215,000.

I would like to have that money raised in the next 4 to 6 months. My plan is to let the project in the spring of 2020 in cooperation with the Department of Administration and have the project completed by election day of 2020. To help with the fundraising, I plan to have a local treasurer and bank account that can easily track and administer the funds. I am happy to stand for questions at this time.
