RE: Senate Bill 143 – Expanded Eligibility for Restricted Licenses

Dear Senator Peterson:

I support Senate Bill 143. There are many individuals in our communities who could benefit not only themselves and their families, but our state if they are no longer hindered in the ability to find employment, get to that employment, navigate other resources and programs that will benefit themselves and the community and to become more contributing citizens.

Please pass this legislation.

Sincerely,

Maaskelah Thomas, PhD
