4965. (1) Commencing with the first payroll period beginning on or after
July 1, 2013, each participating employer shall deduct from the
compensation of each member 7.15% of such member's compensation as
employee contributions, except that in the case of a member whose employment is covered by social security and the member is a member of the class certified in the case of Brazelton v. Kansas public employees retirement system, 227 K. 443, 607 P.2d 510 (1980), the deduction from such member's compensation shall be reduced by the amount of such member's contributions to social security. For participating employers who join the system on or after July 1, 2013, such deduction shall commence beginning with the first payroll period for services performed after the entry date.

(2) For any member other than a member who is a member of the class certified in the case of Brazelton v. Kansas public employees retirement system, 227 K. 443, 607 P.2d 510 (1980), no employee contributions shall be reduced because of contributions to social security.

(3) All such deductions shall be remitted quarterly, or as the board may otherwise provide, to the executive director for credit to the Kansas public employees retirement fund and shall be credited to the members' individual accounts. Interest on each member's accumulated contributions at the rate determined under subsection (a) of K.S.A. 74-4922(a), and amendments thereto, shall be added annually to the member's individual account.

(4) For all payroll periods commencing after July 1, 2019, each participating employer shall deduct from the compensation of each member who has received 38 years of credited service, 2% of such member's compensation as employee contribution. For each member that is having 2% of such member's compensation deducted as employee contributions on July 1, 2013, for all payroll periods commencing on or after July 1, 2013, the participating employer shall deduct from the compensation of each such member had 7.15% of such member's compensation deducted as employee contributions between July 1, 2013, and July 1, 2019, and for each member who had 7.15% of such member's compensation deducted after such member attained 38 years of credited service, including members who retired on and after July 1, 2018, such member shall receive a refund for the difference between 2% and 7.15% of such member's compensation at retirement, or if retired, have such member's retirement benefit recalculated based on the 95% limit as provided in K.S.A. 74-4958 or 74-4958a, and amendments thereto. Such member may repay in a lump sum prior to or on such member's date of retirement, an amount equal to the difference between contributions actually made by the member and contributions which would have been made had such member always been contributing at the employee contribution rate prescribed by subsection (1) for all such service earned during the period of time the member made contributions at the 2% employee contribution rate, with interest. Such repayment, if made at
retirement, may be deducted from the proceeds of the partial lump sum
retirement options as prescribed in subsection (5)(G) of K.S.A. 74-4964,
and amendments thereto, in the event the member elects such option. Such
member shall pay the actual amount plus interest at a rate specified by the
board. Any member who makes such a payment shall be entitled to service
credit for purposes of calculation of retirement benefits pursuant to the
provisions of K.S.A. 74-4958 and 74-4958a, and amendments thereto, for
all years of service wherein such member contributed at the employee
contribution rate prescribed by subsection (1), including all years of
service such member previously paid at the 2% employee contribution rate
but prior to or on such member's date of retirement repaid the difference
pursuant to this subsection.

(5) (a) Subject to the provisions of K.S.A. 74-49,123, and
amendments thereto, each participating employer, pursuant to the
provisions of section 414(h)(2) of the federal internal revenue code, shall
pick up and pay the contributions which would otherwise be payable by
members as prescribed in subsection (1). The contributions so picked up
shall be treated as employer contributions for purposes of determining the
amounts of federal income taxes to withhold from the member's
compensation.

(b) Member contributions picked up by the employer shall be paid
from the same source of funds used for the payment of compensation to a
member. A deduction shall be made from each member's compensation
equal to the amount of the member's contributions picked up by the
employer, provided that such deduction shall not reduce the member's
compensation for purposes of computing benefits under the system.

(c) Member contributions picked up by the employer shall be
remitted quarterly, or as the board may otherwise provide, to the executive
director for credit to the Kansas public employees retirement fund. Such
contributions shall be credited to a separate account within the member's
individual account so that amounts contributed by the member may be
distinguished from the member contributions picked up by the employer.
Interest shall be added annually to members' individual accounts.

Sec. 4. K.S.A. 74-4958, 74-4958a and 74-4965 are hereby repealed.

Sec. 5. This act shall take effect and be in force from and after its
publication in the statute book.
