

Statement of Luciana De Anda
In Opposition of SB208
Kansas Senate Education Committee
2/23/2021

My name is Luciana De Anda and I'm a junior at Olathe East High School and I believe this bill is harmful to any transgender students who desire to play on a sports team. The bill targets transgender people by creating an unfair and oppressive environment and limits their opportunities. I've been on the tennis team for two years now and I have no objections to having transgender girls on my team. Especially now, sports is vital to so many students to make friends, improve their skills, and simply have fun. Please vote no on this discriminatory bill.

- Luciana De Anda
