SENATE BILL No. 230

By Committee on Assessment and Taxation

AN ACT concerning income taxation; relating to qualified governmental retirement plans under the federal internal revenue code; state income tax treatment of certain pre-tax and Roth retirement contributions; enacting the Kansas thrift savings plan act; establishing terms, conditions and requirements related thereto; creating mandatory, deferred compensation, employer and rollover accounts; providing for plan document, membership elections, benefits, contributions, distributions and prospective plan changes by the legislature; relating to the Kansas public employees retirement system; employer contribution rate; allowing total covered payroll to include compensation of thrift savings plan members; amending K.S.A. 2022 Supp. 74-4920 and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

New Section 1. (a) The provisions of sections 1 through 14, and amendments thereto, shall be known and may be cited as the Kansas thrift savings plan act, and shall be effective on and after July 1, 2025.

(b) Any employee who is first employed by a participating employer on or after July 1, 2025, shall be a member of the plan under the provisions of this act on the first day of employment of such employee with such participating employer.

(c) (1) The provisions of this act shall not apply to members of the Kansas police and firemen's retirement system, K.S.A. 74-4951 et seq., and amendments thereto, the retirement system for judges, K.S.A. 20-2601 et seq., and amendments thereto, and security officers as provided in K.S.A. 74-4914a, and amendments thereto.

(2) The provisions of this act shall not apply to members of the Kansas public employees retirement system as provided in K.S.A. 74-4901 et seq., 74-49,201 et seq., and 74-49,301 et seq., and amendments thereto, first employed by a participating employer prior to July 1, 2025, except as specifically provided in this act.

New Sec. 2. Unless the context requires otherwise, terms that are used in this act have the meanings set forth for them in K.S.A. 74-4902, and amendments thereto, and the following definitions apply:

(a) "Act" means the Kansas thrift savings plan act, sections 1 through 14, and amendments thereto;
(b) "active plan member" or "plan member" means a thrift savings plan member who is actively employed by a participating employer;

(c) "covered position" means a position with an affiliated employer that is eligible for membership in the Kansas public employees retirement system pursuant to the provisions of K.S.A. 74-4901 et seq., and amendments thereto;

(d) "defined benefit plan" means the defined benefit plan for the Kansas public employees retirement system, K.S.A. 74-4901 et seq., 74-49,201 et seq. and 74-49,301 et seq., and amendments thereto, the Kansas police and firemen's retirement system, K.S.A. 74-4951 et seq., and amendments thereto, and the retirement system for judges, K.S.A. 20-2601 et seq., and amendments thereto;

(e) "deferred compensation plan" means the same as defined in K.S.A. 74-49b08, and amendments thereto;

(f) "employee" means the same as defined in K.S.A. 74-4902, and amendments thereto, except that only employees who are first employed by a participating employer on or after July 1, 2025, or employees of a participating employer that affiliates on or after July 1, 2025, shall be subject to the provisions of this act. "Employee" includes employees as provided in K.S.A. 74-4931 et seq., and amendments thereto, first employed by a participating employer on or after July 1, 2025, or such employees of a participating employer that affiliates on or after July 1, 2025;

(g) "first employed" means an employee who:

1. Has not been an employee in a covered position of any participating employer prior to July 1, 2025, and is employed by a participating employer in a covered position on or after July 1, 2025;

2. is a former member of the system who withdrew contribution accounts before July 1, 2025, and who is again employed by a participating employer in a covered position on or after July 1, 2025; or

3. was an inactive nonvested member and who is again employed by a participating employer in a covered position on or after July 1, 2025;

(h) "inactive nonvested member" means a member who has terminated employment with a participating employer and who does not have a vested retirement benefit in the system on July 1, 2025;

(i) "plan" or "thrift savings plan" means the thrift savings plan established by section 3, and amendments thereto; and

(j) "qualified Roth contribution program" means a program described in section 402A(b)(1) of the federal internal revenue code which meets the requirements of section 402A(b)(2) of the federal internal revenue code.

New Sec. 3. (a) (1) The board shall establish a separate thrift savings plan in accordance with the provisions of this act. The plan and related trust shall be established with the primary objective of providing a share of
the retirement income needed to replace a member's preretirement standard of living throughout retirement following a full career of employment and to meet participating employers' objectives for recruiting and retaining qualified employees. Maintaining the member's standard of living in retirement shall include income from the plan in addition to social security, personal savings and other retirement arrangements including from nonparticipating employers. The plan shall be established as a pension plan for the exclusive benefit of members and their beneficiaries and as a qualified governmental plan pursuant to sections 401(a) and 414(d) of the federal internal revenue code and its implementing regulations. Retirement accounts shall be established for each thrift savings plan member. Assets of the plan shall be held in trust for the exclusive benefit of participants and their beneficiaries. The plan is established in addition to any retirement, pension, deferred compensation or other benefit plan administered by the state or a political subdivision thereof.

(2) As a component of the thrift savings plan, the board shall establish a deferred compensation plan in accordance with section 457 of the federal internal revenue code. Deferred compensation accounts shall be established for each thrift savings plan member to allow for additional elective contributions by members of the thrift savings plan. All moneys deferred, transferred or rolled-over in accordance with the provisions of the deferred compensation plan shall be held in trust in accordance with section 457 of the federal internal revenue code, for the exclusive benefit of participants and their beneficiaries. All employees subject to the provisions of this act shall participate in the deferred compensation plan unless an employee elects, in a manner prescribed by the board, not to participate in such plan. Any amount of the member's salary or compensation that is deferred on a pre-tax basis shall not be subject to state income taxes for the year in which such sum is contributed but shall be subject to applicable state income taxes for the year in which distributions are received by the member. The board may utilize the Kansas public employees deferred compensation act, K.S.A. 74-49b07 through 74-49b15, and amendments thereto, to implement the provisions of this act.

(3) The board shall establish a qualified Roth contribution program for members in both the thrift savings plan and the deferred compensation plan. Any amounts contributed to a qualified Roth contribution program shall be subject to state withholding and income taxes for the year in which such sum is contributed to the program, but shall not be subject to applicable state income taxes for the year in which distributions are received by the member, unless the provisions of article 32 of chapter 79 of the Kansas Statutes Annotated, and amendments thereto, provide otherwise.
(b) The board may enter into agreements with approved insurers, investment managers or other contracting parties whereby benefits or investment services under the thrift savings plan would be made available to participants. The board may enter into an agreement with one or more qualified private firms for consolidated billing services, participant enrollment services, communications services, participant account recordkeeping services and other services related to the administration of the thrift savings plan.

(c) No significant costs shall be incurred by the state as a result of the administration of this act unless such costs are recovered by the following means: (1) A service charge collected from all participants; or (2) credit allowances or reimbursement of specified plan expenses as provided under agreements with one or more qualified private firms entered into pursuant to subsection (b). The amount of any such significant costs incurred and to be recovered by the state shall be determined by the board.

(d) The board is authorized to negotiate and enter into contracts with qualified insurers, investment managers and other contracting parties for the purposes of implementing and providing essential services for the thrift savings plan, including acquisition of actuarial, investment, consulting, auditing and other services necessary therefor. Contracts entered into under this act shall be subject to the provisions of K.S.A. 75-3739, and amendments thereto, and shall not be negotiated in accordance with the provisions of K.S.A. 75-37,102, and amendments thereto, or K.S.A. 75-37,132, and amendments thereto.

New Sec. 4. The legislature may, from time to time, prospectively change the statutory provisions governing the plan and expressly reserve the right to do so. The state of Kansas shall not be responsible for any loss incurred by any member under the plan established pursuant to this act.

New Sec. 5. (a) This section shall not be implemented until the board has obtained approval from the federal internal revenue service. The board may implement the remainder of this act prior to implementation of this section. This section is severable from the remainder of this act and shall be repealed if the federal internal revenue service refuses to grant such approval or issues an adverse decision.

(b) Except as otherwise provided in this act, an active member of the defined benefit plan on July 1, 2025, or an inactive vested member of the defined benefit plan who is again employed by a participating employer in a covered position on or after July 1, 2025, may elect to become a member of the thrift savings plan by making an election within a 90-day period established by the board.

(c) (1) Elections made pursuant to this section shall be made on a form and in a manner prescribed by the board.

(2) A defined benefit plan member failing to make an election
prescribed by this section remains a member of the defined benefit plan.

(3) An election under this section, including the default election pursuant to subsection (c)(2), is a one-time irrevocable election.

(4) An election to become a member of the thrift savings plan is for all of such member's credited service. An election to become a thrift savings plan member terminates active membership in the defined benefit plan and the service of such member on and after July 1, 2025, in the thrift savings plan shall not be credited for the purposes of the defined benefit plan. The system shall calculate the actuarial present value of such member's accrued retirement benefit for all credited service prior to July 1, 2025, and shall transfer a lump-sum amount equal to such actuarial present value to such member's rollover account. The actuarial present value shall be determined by the actuary using the actuarial assumptions and tables currently in use by the system and the member's attained age.

(d) A member in either the defined benefit plan or the thrift savings plan who becomes inactive after an election under this section and who returns to active membership remains in the plan previously elected.

(e) A member of the defined benefit plan who is subject to a domestic relations order or an execution or income-withholding order may not transfer to the thrift savings plan unless the order is modified to apply under the thrift savings plan.

(f) (1) A member of the defined benefit plan who is purchasing service credit through installment payments, either made directly to the board or pursuant to a payroll deduction agreement, shall not transfer membership to the thrift savings plan unless the member first completes the contract for purchase of service credit.

(2) A member who files an election to transfer membership may make a lump-sum payment for up to the balance of the service credit remaining to be purchased prior to transferring, subject to the limitations of section 415 of the federal internal revenue code. The lump-sum payment, unless made by a rollover, shall be made with after-tax dollars.

(3) If a member who files an election to transfer membership fails to complete the contract for purchase of service credit by the end of the member's 90-day election window, the board shall terminate the service purchase contract and credit the member with the prorated amount of service credit purchased under the contract.

New Sec. 6. The board shall accept the rollover of contributions and the income on those contributions from another eligible retirement plan to the member's rollover account only to the extent allowed under the federal internal revenue code.

New Sec. 7. (a) A thrift savings plan member's mandatory contribution account includes the member's contributions and the income on those contributions and is vested from the date that the employee
becomes a member of the plan.

(b) A thrift savings plan member's deferred compensation account includes the member's elective contributions and the income on those contributions and is vested from the date that the employee becomes a member of the plan.

(c) A thrift savings plan member's employer contribution account includes the employer's contributions and the income on those contributions and is vested only when the member has a total of five years of participating service in the thrift savings plan.

(d) A thrift savings plan member's rollover account includes the member's rollovers of contributions made pursuant to section 5 or 6, and amendments thereto, and income on those contributions and are vested from the date that the contributions are credited to the account.

(e) If the thrift savings plan member's employer contribution account is not vested upon termination of plan membership, as provided in this section, the employer contributions and income are forfeited as provided in section 8, and amendments thereto.

New Sec. 8. (a) (1) An active thrift savings plan member shall contribute 6% of compensation to the member's mandatory contribution account.

(2) Except as provided in subsection (d), an active plan member shall initially contribute 1% of compensation to the member's deferred compensation account and such contribution rate shall increase annually by 1% of the active plan member's compensation until such active plan member reaches a maximum contribution rate of 10% of compensation. All contributions to a member's deferred compensation account under this section shall be subject to the contribution limits under sections 415 and 457 of the federal internal revenue code. The board may implement this subsection as an eligible automatic contribution arrangement under section 414(w) of the federal internal revenue code.

(b) (1) All contributions under subsection (a)(1) shall be picked up by the employer via a salary reduction as provided in section 414(h)(2) of the federal internal revenue code. An employer shall not pick up such contributions without a corresponding salary reduction as provided in section 414(h)(2) of the federal internal revenue code.

(2) Each participating employer shall establish a system of regular payroll deductions to defer each payroll period the amounts from the salary or compensation of each employee who is a member of the deferred compensation plan in accordance with this act and the applicable provisions of the federal internal revenue code.

(c) An active plan member's participating employer shall contribute the following:

(1) 4% of compensation to the active plan member's employer
contribution account; and

(2) an additional 0.5% of compensation to the active plan member's employer contribution account if such member contributes 1% of compensation to the deferred compensation plan or an additional 1% of compensation if such member contributes 2% or more of compensation to the deferred compensation plan.

(d) An active plan member shall be permitted to adjust the amount of elective contributions to such member's deferred compensation account at least annually or on a more frequent basis as established by the board. All contribution elections shall be made in 1% increments. An active plan member shall be permitted to stop making contributions to such member's deferred compensation account. An active plan member shall be permitted to resume making contributions to such member's deferred compensation account following any previous stoppage. The board shall develop and make available to all plan members an electronic means for making contribution elections to a member's deferred compensation account.

(e) Forfeitures of employer contributions and investment income on the employer contributions may not be used to increase a plan member's retirement account. The board shall allocate the forfeitures under this section to meet the plan's administrative expenses, including startup expenses.

New Sec. 9. (a) (1) The board shall create an investment policy structured to meet the retirement income objectives established under section 3(a), and amendments thereto. The board shall require in any agreement with entities pursuant to section 3, and amendments thereto, that the following investment alternatives under the thrift savings plan are offered to members, including, but not limited to:

(A) A government securities investment fund;
(B) a fixed income index investment fund;
(C) a common stock index investment fund;
(D) a small capitalization stock index investment fund;
(E) an international stock index investment fund;
(F) an investment fund that mirrors or is similar to the investment portfolio of the KPERS defined benefit plan; and
(G) hybrid funds mixing and matching various investment funds, tailored to projected retirement years.

(2) (A) The board shall select an index that is a commonly recognized index comprised of common stock the aggregate market value of which is a reasonably complete representation of the United States equity markets.

(B) The common stock index investment fund shall be invested in a portfolio designed to replicate the performance of the index selected under subparagraph (A). The portfolio shall be designed such that, to the extent practicable, the percentage of the large capitalization stock index
investment fund that is invested in each stock is the same as the percentage
determined by dividing the aggregate market value of all shares of that
stock by the aggregate market value of all shares of all stocks included in
such index.

(3) (A) The board shall select an index that is a commonly recognized
index comprised of common stock, the aggregate market value of which
represents the United States equity markets excluding the common stocks
included in the common stock index investment fund.

(B) The small capitalization stock index investment fund shall be
invested in a portfolio designed to replicate the performance of the index
in subparagraph (A). The portfolio shall be designed such that, to the
extent practicable, the percentage of the small capitalization stock index
investment fund that is invested in each stock is the same as the percentage
determined by dividing the aggregate market value of all shares of that
stock by the aggregate market value of all shares of all stocks included in
such index.

(4) (A) The board shall select an index that is a commonly recognized
index comprised of stock, the aggregate market value of which is a
reasonably complete representation of the international equity markets
excluding the United States equity markets.

(B) The international stock index investment fund shall be invested in
a portfolio designed to replicate the performance of the index in
subparagraph (A). The portfolio shall be designed such that, to the extent
practicable, the percentage of the international stock index investment
fund that is invested in each stock is the same percentage determined by
dividing the aggregate market value of all shares of that stock by the
aggregate market value of all shares of all stocks included in such index.

(b) The legislature may, from time to time, review the suitability and
management of investment alternatives established by this section and may
change the alternatives to be offered and expressly reserve the right to do
so. The board shall notify affected plan members of potential changes
before any changes become effective.

(c) The board shall establish a default investment option for any plan
member who does not have an effective investment direction. The board
may utilize a hybrid investment fund established pursuant to this section as
the default investment fund.

(d) Assets within each member's account shall be invested as directed
by the member within the investment alternatives established by the board.

(e) A plan member may elect the investment funds and alternatives
referred to in this section into which the sums in the member's accounts are
to be invested or reinvested. The board shall develop and make available
to all plan members an electronic means for investment allocation
elections. Elections to allocate existing account balances among the
various investment alternatives referred to in this section shall be permitted on a daily basis. Elections to allocate future contributions among the various investment alternatives referred to in this section shall be permitted on a monthly basis. All investment elections shall be made in 1% increments. The sum of the percentages elected for all investment alternatives shall equal 100%.

New Sec. 10. Any time after termination of service, a plan member or the plan member's beneficiary may terminate plan membership by filing a written application with the board and removing the plan member's vested account balance from the plan through any combination of the following payout options, each of which is subject to the provisions of the plan document and the federal internal revenue code and the applicable regulations of the federal internal revenue service:

(a) A direct rollover to an eligible retirement plan;
(b) a regular rollover to an eligible retirement plan;
(c) a lump-sum distribution of the plan member's vested account balance; or
(d) an optional form of distribution offered by the board under section 11, and amendments thereto.

New Sec. 11. (a) Subject to the provisions of the plan document, a plan member, after termination of service, may leave the plan member's vested account balance in the plan, and the plan member is eligible for a distribution as provided in this section.

(b) (1) After termination of service and upon filing a written application with the board, a plan member may select any distribution option provided by the plan document. The board shall make available within the plan lifetime annuity options from an insurer including:

(A) Single-life;
(B) joint and survivor;
(C) period certain;
(D) qualified longevity annuity contracts; and
(E) other annuity forms as the board may choose to provide.

(2) The board shall create a default distribution option using a lifetime annuity form.

(c) A plan member who is less than 65 years of age, or 70½ years of age if the member was born before July 1, 1949, who returns to service may not continue to receive a distribution under this section while actively employed in a covered position except as may otherwise be required under an applicable annuity contract provided under the plan.

(d) The plan document shall provide that distributions shall comply with the minimum distribution requirements established in the federal internal revenue code and applicable under K.S.A. 74-49,123, and amendments thereto.
(e) The plan document may specify minimum account balances for purposes of allowing benefit payment options and rollovers in accordance with the federal internal revenue code.

New Sec. 12. A plan member's beneficiary shall be determined as provided in the defined benefit plan regulations. Upon filing a written application with the board after the death of a plan member, the plan member's beneficiary is entitled to the plan member's vested account balance.

New Sec. 13. Before termination of service, a plan member shall not receive a refund of any portion of the plan member's vested account balance.

New Sec. 14. A thrift savings plan member shall be eligible for disability benefits provided to members of the defined benefit plan under K.S.A. 74-4927, and amendments thereto.

Sec. 15. K.S.A. 2022 Supp. 74-4920 is hereby amended to read as follows: 74-4920. (1) (a) Upon the basis of each annual actuarial valuation and appraisal as provided for in K.S.A. 74-4908(3)(a), and amendments thereto, the board shall certify, on or before July 15 of each year, to the division of the budget in the case of the state and to the agent for each other participating employer an actuarially determined estimate of the rate of contribution that will be required, together with all accumulated contributions and other assets of the system, to be paid by each such participating employer to pay all liabilities that shall exist or accrue under the system, including amortization of the actuarial accrued liability as determined by the board. The board shall determine the actuarial cost method to be used in annual actuarial valuations, to determine the employer contribution rates that shall be certified by the board. Such certified rate of contribution, amortization methods and periods and actuarial cost method shall be based on the standards set forth in K.S.A. 74-4908(3)(a), and amendments thereto, and shall not be based on any other purpose outside of the needs of the system.

(b) (i) For employers affiliating on and after January 1, 1999, upon the basis of an annual actuarial valuation and appraisal of the system conducted in the manner provided for in K.S.A. 74-4908, and amendments thereto, the board shall certify, on or before July 15 of each year to each such employer an actuarially determined estimate of the rate of contribution that shall be required to be paid by each such employer to pay all of the liabilities that shall accrue under the system from and after the entry date as determined by the board, upon recommendation of the actuary. Such rate shall be termed the employer's participating service contribution and shall be uniform for all participating employers. Such additional liability shall be amortized as determined by the board. For all participating employers described in this section, the board shall determine
the actuarial cost method to be used in annual actuarial valuations to
determine the employer contribution rates that shall be certified by the
board.
(ii) The board shall determine for each such employer separately an
amount sufficient to amortize all liabilities for prior service costs that shall
have accrued at the time of entry into the system. On the basis of such
determination the board shall annually certify to each such employer
separately an actuarially determined estimate of the rate of contribution
that shall be required to be paid by that employer to pay all of the
liabilities for such prior service costs. Such rate shall be termed the
employer's prior service contribution.
(2) The division of the budget and the governor shall include in the
budget and in the budget request for appropriations for personal services
the sum required to satisfy the state's obligation under this act as certified
by the board and shall present the same to the legislature for allowance and
appropriation.
(3) Each other participating employer shall appropriate and pay to the
system a sum sufficient to satisfy the obligation under this act as certified
by the board.
(4) Each participating employer is hereby authorized to pay the
employer's contribution from the same fund that the compensation for
which such contribution is made is paid from or from any other funds
available to it for such purpose. Each political subdivision, other than an
instrumentality of the state, that is by law authorized to levy taxes for other
purposes, may levy annually at the time of its levy of taxes, a tax that may
be in addition to all other taxes authorized by law for the purpose of
making its contributions under this act and, in the case of cities and
counties, to pay a portion of the principal and interest on bonds issued
under the authority of K.S.A. 12-1774, and amendments thereto, by cities
located in the county, which tax, together with any other fund available,
shall be sufficient to enable it to make such contribution. In lieu of levying
the tax authorized in this subsection, any taxing subdivision may pay such
costs from any employee benefits contribution fund established pursuant to
K.S.A. 12-16,102, and amendments thereto. Each participating employer
that is not by law authorized to levy taxes as described above, but that
prepares a budget for its expenses for the ensuing year and presents the
same to a governing body that is authorized by law to levy taxes as
described above, may include in its budget an amount sufficient to make
its contributions under this act which may be in addition to all other taxes
authorized by law. Such governing body to which the budget is submitted
for approval, may levy a tax sufficient to allow the participating employer
to make its contributions under this act, which tax, together with any other
fund available, shall be sufficient to enable the participating employer to
make the contributions required by this act.

(5) (a) The rate of contribution certified to a participating employer as provided in this section shall apply during the fiscal year of the participating employer that begins in the second calendar year following the year of the actuarial valuation.

(b) (i) Except as specifically provided in this section, for fiscal years commencing in calendar year 1996 and in each subsequent calendar year, the rate of contribution certified to the state of Kansas shall in no event exceed the state's contribution rate for the immediately preceding fiscal year by more than 0.2% of the amount of compensation upon which members contribute during the period.

(ii) Except as specifically provided in this subsection, for the fiscal years commencing in the following calendar years, the rate of contribution certified to the state of Kansas and to the participating employers under K.S.A. 74-4931, and amendments thereto, shall in no event exceed the state's contribution rate for the immediately preceding fiscal year by more than the following amounts expressed as a percentage of compensation upon which members contribute during the period: (A) For the fiscal year commencing in calendar years 2010 through 2012, an amount not to exceed more than 0.6% of the amount of the immediately preceding fiscal year; (B) for the fiscal year commencing in calendar year 2013, an amount not to exceed more than 0.9% of the amount of the immediately preceding fiscal year; (C) for the fiscal year commencing in calendar year 2014, an amount not to exceed more than 1% of the amount of the immediately preceding fiscal year; (D) for the fiscal year commencing in calendar year 2015, the employer rate of contribution shall be 10.91%; (E) for the fiscal year commencing in calendar year 2016, the employer rate of contribution shall be 10.81%, except as provided by section 37(b) of chapter 54 of 2017 Session Laws of Kansas, and amendments thereto; (F) for the fiscal year commencing in calendar year 2017, the employer rate of contribution shall be 12.01%; (G) for the fiscal year commencing in calendar year 2021, the employer rate of contribution shall be 13.33%; (H) for the fiscal year commencing in calendar year 2022, the employer rate of contribution shall be 13.11%; and (I) in each subsequent calendar year, an amount not to exceed more than 1.2% of the amount of the immediately preceding fiscal year. On and after July 1, 2025, for the purposes of this section, member compensation shall include compensation of members of the thrift savings plan established under sections 1 through 14, and amendments thereto.

(iii) Except as specifically provided in this section, for fiscal years commencing in calendar year 1997 and in each subsequent calendar year, the rate of contribution certified to participating employers other than the
state of Kansas shall in no event exceed such participating employer's contribution rate for the immediately preceding fiscal year by more than 0.15% of the amount of compensation upon which members contribute during the period.

(iv) Except as specifically provided in this subsection, for the fiscal years commencing in the following calendar years, the rate of contribution certified to participating employers other than the state of Kansas shall in no event exceed the contribution rate for such employers for the immediately preceding fiscal year by more than the following amounts expressed as a percentage of compensation upon which members contribute during the period: (A) For the fiscal year commencing in calendar years 2010 through 2013, an amount not to exceed more than 0.6% of the amount of the immediately preceding fiscal year; (B) for the fiscal year commencing in calendar year 2014, an amount not to exceed more than 0.9% of the amount of the immediately preceding fiscal year; (C) for the fiscal year commencing in calendar year 2015, an amount not to exceed more than 1% of the amount of the immediately preceding fiscal year; (D) for the fiscal year commencing in calendar year 2016, an amount not to exceed more than 1.1% of the amount of the immediately preceding fiscal year; and (E) for the fiscal year commencing in calendar year 2017, and in each subsequent calendar year, an amount not to exceed more than 1.2% of the amount of the immediately preceding fiscal year. On and after July 1, 2025, for the purposes of this section, member compensation shall include compensation of members of the thrift savings plan established under sections 1 through 14, and amendments thereto.

(v) As part of the annual actuarial valuation, there shall be a separate employer rate of contribution calculated for the state of Kansas, a separate employer rate of contribution calculated for participating employers under K.S.A. 74-4931, and amendments thereto, a combined employer rate of contribution calculated for the state of Kansas and participating employers under K.S.A. 74-4931, and amendments thereto, and a separate employer rate of contribution calculated for all other participating employers.

(vi) There shall be a combined employer rate of contribution certified to the state of Kansas and participating employers under K.S.A. 74-4931, and amendments thereto. There shall be a separate employer rate of contribution certified to all other participating employers.

(vii) If the combined employer rate of contribution calculated for the state of Kansas and participating employers under K.S.A. 74-4931, and amendments thereto, is greater than the separate employer rate of contribution for the state of Kansas, the difference in the two rates applied to the actual payroll of the state of Kansas for the applicable fiscal year shall be calculated. This amount shall be certified by the board for deposit as additional employer contributions to the retirement benefit.
accumulation reserve for the participating employers under K.S.A. 74-4931, and amendments thereto.

(6) The actuarial cost of any legislation enacted in the 1994 session of the Kansas legislature will be included in the June 30, 1994, actuarial valuation in determining contribution rates for participating employers.

(7) The actuarial cost of the provisions of K.S.A. 74-4950i, and amendments thereto, will be included in the June 30, 1998, actuarial valuation in determining contribution rates for participating employers. The actuarial accrued liability incurred for the provisions of K.S.A. 74-4950i, and amendments thereto, shall be amortized over 15 years.

(8) Except as otherwise provided by law, the actuarial cost of any legislation enacted by the Kansas legislature, except the actuarial cost of K.S.A. 74-49,114a, and amendments thereto, shall be in addition to the employer contribution rates certified for the employer contribution rate in the fiscal year immediately following such enactment. Such actuarial cost shall be determined by the qualified actuary employed or retained by the system pursuant to K.S.A. 74-4908, and amendments thereto, and reported to the system and the joint committee on pensions, investments and benefits.

(9) Notwithstanding the provisions of subsection (8), the actuarial cost of the provisions of K.S.A. 74-49,109 et seq., and amendments thereto, shall be first reflected in employer contribution rates effective with the first day of the first payroll period for the fiscal year 2005. The actuarial accrued liability incurred for the provisions of K.S.A. 74-49,109 et seq., and amendments thereto, shall be amortized over 10 years.

(10) The cost of the postretirement benefit payment provided pursuant to the provisions of K.S.A. 74-49,114b, and amendments thereto, for retirants other than local retirants as described in subsection (11) or insured disability benefit recipients shall be paid in the fiscal year commencing on July 1, 2007.

(11) The actuarial accrued liability incurred for the provisions of K.S.A. 74-49,114b, and amendments thereto, for the KPERS local group and retirants who were employees of local employers that affiliated with the Kansas police and firemen's retirement system shall be amortized over 10 years.

(12) The cost of the postretirement benefit payment provided pursuant to the provisions of K.S.A. 74-49,114c, and amendments thereto, for retirants other than local retirants as described in subsection (13) or insured disability benefit recipients shall be paid in the fiscal year commencing on July 1, 2008.

(13) The actuarial accrued liability incurred for the provisions of K.S.A. 74-49,114c, and amendments thereto, for the KPERS local group and retirants who were employees of local employers that affiliated with
the Kansas police and firemen's retirement system shall be amortized over 10 years.

(14) The board with the advice of the actuary may fix the contribution rates for participating employers joining the system after one year from the first entry date or for employers who exercise the option contained in K.S.A. 74-4912, and amendments thereto, at rates different from the rate fixed for employers joining within one year of the first entry date.

(15) Employer contributions shall in no way be limited by any other act that now or in the future establishes or limits the compensation of any member.

(16) Notwithstanding any provision of law to the contrary, each participating employer shall remit quarterly, or as the board may otherwise provide, all employee deductions and required employer contributions to the executive director for credit to the Kansas public employees retirement fund within three days after the end of the period covered by the remittance by electronic funds transfer. Remittances of such deductions and contributions received after such date are delinquent. Delinquent payments due under this subsection shall be subject to interest at the rate established for interest on judgments under K.S.A. 16-204(a), and amendments thereto. At the request of the board, delinquent payments that are due or interest owed on such payments, or both, may be deducted from any other moneys payable to such employer by any department or agency of the state.

Sec. 16. K.S.A. 2022 Supp. 74-4920 is hereby repealed.

Sec. 17. This act shall take effect and be in force from and after its publication in the statute book.
