

2023 Kansas Statutes

8-1572. Additional parking regulations; powers of secretary and local authorities. (a) Except as otherwise provided in this section, every vehicle stopped or parked upon a two-way roadway shall be so stopped or parked with the right-hand wheels parallel to and within twelve (12) inches of the right-hand curb or as close as practicable to the right edge of the right-hand shoulder.

(b) Except when otherwise provided by local ordinance, every vehicle stopped or parked upon a one-way roadway shall be so stopped or parked parallel to the curb or edge of the roadway, in the direction of authorized traffic movement, with its right-hand wheels within twelve (12) inches of the right-hand curb or as close as practicable to the right edge of the right-hand shoulder, or with its left-hand wheels within twelve (12) inches of the left-hand curb or as close as practicable to the left edge of the left-hand shoulder.

(c) Local authorities may permit angle parking on any roadway, except that angle parking shall not be permitted on any federal-aid or state highway, unless the secretary of transportation has determined that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.

(d) The secretary of transportation with respect to highways under the secretary's jurisdiction may place official traffic-control devices prohibiting, limiting or restricting the stopping, standing or parking of vehicles on any highway where, in the secretary's opinion, such stopping, standing or parking is dangerous to those using the highway or where the stopping, standing, or parking of vehicles would unduly interfere with the free movement of traffic thereon. No person shall stop, stand or park any vehicle in violation of the restrictions indicated by such devices.

History: L. 1974, ch. 33, § 8-1572; L. 1975, ch. 427, § 28; August 15.
