

2023 Kansas Statutes

19-15,137. Transfer of balance in certain fund to special county hospital and home for aged fund in certain counties with a population between 3,600 and 4,500 authorized. Whenever the board of county commissioners of any county having a population of more than three thousand six hundred (3,600) and not more than four thousand five hundred (4,500) and an assessed valuation of more than twenty-five million dollars (\$25,000,000) and not more than forty million dollars (\$40,000,000) which has established a building fund and levied a tax therefor for the purpose of constructing a courthouse in such county but which has prior to the effective date of this act made improvements in the existing courthouse, shall by resolution determine that the purpose for which such levy was made has been fulfilled by such improvements and that all indebtedness and obligations of such fund have been fully paid and cancelled, and the unexpended balance, stating the amount, is not presently and will not in the future be required for such purpose by reason of the fact that the purpose has been fulfilled, such unexpended balance may be transferred to a special county hospital and home for the aged fund and used only for the purpose of constructing and furnishing enlargements or additions to the county hospital and home for the aged established and operated by such county.

History: L. 1973, ch. 120, § 1; July 1.
