

2023 Kansas Statutes

21-2503. Fingerprint records admissible in evidence. A photostatic copy of the fingerprint impression of any person convicted of a felony or misdemeanor that has been filed and kept according to law, and duly certified as a true and correct copy by the director or other person having charge of such records, shall be admissible in evidence and received in evidence in any subsequent prosecution of that person for the purpose of identification where otherwise competent.

History: L. 1931, ch. 178, § 3; March 16.
