(b) Commencing in the fiscal year that commenced in calendar year 2002 and every three years thereafter, each board that has established an early retirement incentive program shall prepare and submit a report to the state board of regents related to such early retirement incentive program. Such report shall contain: (1) Three years of budget data of such program, including actual costs, and a current year and future years' budget data for three to five years; (2) current costs and benefits of such program and projected costs and benefits of such program for three to five years; (3) current and projected number of participants in such program; and (4) such other information as required by the state board of regents. The state board of regents shall design and distribute forms to carry out the provisions of this act to the board of trustees of each community college that has established an early retirement incentive program. The state board of regents shall compile and prepare a summary report which shall be submitted to the joint committee on pensions, investments and benefits no later than January 1 of the year that follows the end of the fiscal year in which the reporting is required as provided in this subsection.
