

2023 Kansas Statutes

76-7,129. Same; contracts, change orders. Each change order to a contract entered into under the provisions of this act shall be related to an item or a matter that was included within the original program statement which was prepared and submitted with the capital improvement budget estimate for the project. Each such change order may be negotiated with a contractor performing work under the original contract for the project.

History: L. 2009, ch. 86, § 4; April 23.
