RE: HB 2207

Dear Committee Members:

I am pleased to support HB 2207 and the authorization of Series LLCs to form and operate in Kansas. In adopting legislation creating Series LLCs, Kansas joins only a handful of other states leading the way to promote commerce by reducing the administrative burden on businesses. I believe that HB 2207 is an economically positive move by Legislature which will expand Kansas business interests and make Kansas a more attractive state in which to form business entities and conduct business endeavors.

Very truly yours,

Miranda K. Carmona
