Representative Don Hineman spoke in favor of the bill with the amendment. (Attachment 2) The amended form of the bill recognizes that there is a very real difference between commercial carnivals and home-owned carnivals; which includes how frequently the carnival rides are used and how they are operated. bill would request the submittal of proof of general liability insurance to KDOL annually and make the insurance information available upon request. KDOL would also have the ability to write any needed rules and regulations to carry out this act. The purpose of requiring the proof of insurance is that inspection then becomes the function of the insurance. The Secretary stated that the Department did not want to create a structure which would be too costly or overly burdensome, but also ensure that the children who would ride any amusement rides in our state would have a reasonable expectation that their safety is of the utmost importance.

Curtis Eveligh, Norton County Community Services, spoke on the accident that triggered the bill.

Senator Ralph Ostmeyer provided written testimony on the bill. ([Attachment 5](#)) Senator Allen Schmidt provided written testimony on the bill. ([Attachment 6](#))
