Statehouse, Room 136-E
Topeka, Kansas  66612

Dear Senator Brungardt:

SUBJECT:  Fiscal Note for SB 288 by Senate Committee on Federal and State Affairs

In accordance with KSA 75-3715a, the following fiscal note concerning SB 288 is respectfully submitted to your committee.

SB 288 would replace the term “drink” with “individual drink” in statutes related to the sale of liquor by the drink. The term would be defined as, “an individual serving of a beverage containing alcohol or cereal malt beverage.” An “individual serving” is defined as, “a beverage containing alcoholic liquor or cereal malt beverage served to an individual for consumption by such individual or another individual, but which is not intended to be consumed by two or more individuals.” The bill provides that an “individual serving” contain no more than: (1) eight ounces of wine; (2) thirty-two ounces of beer or cereal malt beverage; or (3) four ounces of a single spirit or a combination of spirits.

The bill would also remove the requirement that the price of a drink must be increased proportionately as the volume of alcoholic liquor contained in the drink increases. Finally, the bill would allow the sale or service of beer or cereal malt beverage in a pitcher capable of containing no more than 64 fluid ounces.
