February 1, 2012

The Honorable Les Donovan, Chairperson
Senate Committee on Assessment and Taxation
Statehouse, Room 123-E
Topeka, Kansas  66612

Dear Senator Donovan:

SUBJECT:    Fiscal Note for SB 317 by Senate Committee on Assessment and Taxation

In accordance with KSA 75-3715a, the following fiscal note concerning SB 317 is respectfully submitted to your committee.

SB 317 would exclude trade fixtures from the definition of real property, real estate, and land when determining the assessed valuation of real property. The bill defines “trade fixture” as those articles or items used in a trade or business whether or not placed upon and permanently affixed to real estate. Trade fixtures include commercial and industrial machinery and equipment placed upon or permanently attached to owner occupied or leased real estate and directly used in conducting trade, business, commercial, industrial, manufacturing or processing activities.

Passage of SB 317 has the potential to decrease property tax revenues by eliminating certain property tax assessments on trade fixtures. Any local government that levies a property tax would receive less revenue and revenue would also decrease to the two state building funds, the Educational Building Fund and the State Institutions Building Fund. The bill would also have an effect on state expenditures for aid to school districts. To the extent that school districts receive less property tax revenue through the state’s uniform mill levy, the state provides more state aid through the school finance formula.

The Department of Revenue indicates that in tax year 2010, the total assessed value for commercial and industrial real property was approximately $6.7 billion, which generated $134.0 million for the 20 mill statewide property tax levy for education. However, the Department does not have data on how much of the current assessed valuation of commercial and industrial real property includes assessments on trade fixtures; therefore, a precise estimate of the amount of decreased property tax revenue and its effect on local and state revenues cannot be estimated.
Any fiscal effect associated with SB 317 is not reflected in *The FY 2013 Governor’s Budget Report.*

Sincerely,

Steven J. Anderson, CPA, MBA
Director of the Budget
