AN ACT concerning municipalities; establishing the organized collection service act.

Be it enacted by the Legislature of the State of Kansas:

Section 1. Sections 1 through 3, and amendments thereto, shall be known and may be cited as the organized collection service act.

Sec. 2. As used in this act:

(a) "Municipality" means any county, city, township and other political subdivision or taxing subdivision including any board, bureau, commission, committee or other agency having authority to create, regulate or otherwise impact the delivery of collection services.

(b) "Organized collection service" means a system for collecting solid waste, recyclables or both, including franchise, organized collection, or a process in which a city municipality goes from multiple haulers to one single contracted hauler in which a specified collector, or a member of an organization of collectors, is authorized to collect from a defined geographic service area or areas some or all of the solid waste or recyclables that is released by generators.

(c) "Recyclables" has the meaning as the term is defined by KSA 65-3402, and amendments thereto.

(d) "Solid waste" has the meaning as the term is defined by K.S.A. 65-3402, and amendments thereto.

Sec. 3. (a) A municipality may establish an organized collection service as a municipal service by ordinance, in the case of a city, or by resolution, in the case of other municipalities. The ordinance or resolution shall incorporate any franchise, license, or negotiated contract or contract let by bid using one or more collectors or an organization of collectors.

(b) At least 180 days before adopting such an ordinance or resolution, the governing body of the municipality shall announce its intent to consider adoption of an organized collection service, stating specific goals to be achieved, detailed justification for any franchise fees and all other reasons for considering such a service by passage of a resolution of intent. The resolution of intent shall be published once in the official newspaper of greatest circulation in the municipality. The resolution of intent shall
give notice of a public hearing to be held at least 30 days prior to
collection of the resolution of intent on the issue and
shall invite the participation of interested persons in the planning and
establishing of the organized collection service, including all licensees or
other persons operating solid waste or recyclables collection services in
the municipality as of the date of announcement of its intent to organize
collection in the municipality.

(c) During a 90-day period following the adoption of the resolution of
intent, the municipality shall develop a plan for organized collection
service. During this period, the municipality shall invite and employ the
assistance of all licensees or other persons operating solid waste or
recyclables collection services in the municipality. All licensees or other
persons operating solid waste or recyclables collection services in the
municipality shall be allowed to participate in all planning meetings.

(d) The municipality shall provide 30 days notice prior to the hearing
on the proposed plan to all licensees or other persons operating solid waste
collection or recyclables services in the municipality.

(e) The plan shall:
(1) Describe in detail the procedures used for development of the plan
for organized collection service and compliance with all required notice
provisions;
(2) evaluate the proposed organized collection plan in regard to the
following:
   (A) Achieving the stated goals;
   (B) minimizing displacement and economic impact to current solid
waste collectors;
   (C) ensuring participation in the decision-making process of all
interested parties, including all licensees or other persons operating solid
waste or recyclables collection services in the municipality as of the date
of the resolution of intent to organize collection in the municipality; and
   (D) maximizing efficiency in solid waste collection; and
(3) provide detailed justification for any tax, franchise or similar fee,
which in any event shall not exceed the municipality’s expense of
administering the proposed organized collection program.

(f) (1) A municipality may not commence organized collection service
pursuant to this act for a period of at least two years 18 months from the
adoption of an ordinance or resolution establishing such service. During
the two-year 18-month period the municipality shall not displace any
person licensed to operate solid waste collection services in the
municipality.
(2) If for any reason a municipality does not implement an organized
collection service by passage of an ordinance or resolution within one year
of the passage of a resolution of intent, the process shall be started over as
provided in this section.

Sec. 4.  (a) This act shall be applied to all municipalities regardless of the stage of implementation development of an organized collection system.

(b) The provisions of this act shall not apply to the collection of waste tires as defined by K.S.A. 65-3424(m), and amendments thereto, from any facility for the purpose of recycling or disposal.

Sec. 5. This act shall take effect and be in force from and after its publication in the Kansas register.
