key elements contained in the charter, a charter school must comply with
the following requirements in order to qualify for establishment or
continuation:
(1) The school must be focused on outcomes or results and must

a charter school, a board of education finds the petition to be incomplete,
the board may request the necessary information from the petitioner.
After receiving a satisfactory petition, the board of education shall
schedule a public hearing within 45 days and shall give notice of the
time, date and place for the holding of a public hearing on the petition and. The board shall rule on the petition within 30 days after the public hearing is held.

(1) If the board does not approve the petition, the board shall send a notification of denial to the petitioner and shall specify in writing the reasons therefor. A copy of such notification also shall be sent to the state board of education. Within 30 days from the date of the notification of denial, the petitioner may either submit a request to the board of education for reconsideration of the petition and may submit an amended petition therewith, or the petitioner may appeal the decision pursuant to subsection (e)(3). If a request for reconsideration is made, the petitioner may thereafter appeal the decision pursuant to subsection (e)(3). The board shall act on such a request for reconsideration within 30 days of receipt of the request.

(2) If the board of education approves the petition, the board shall notify the petitioner and the state board of education within 30 days after the approval or by February 1 of the school year preceding the school year in which the charter school is proposed to be established, whichever is earlier.

(f) After being notified by a board of education of the approval of a petition or after an appeal is taken pursuant to subsection (e)(3), the state board shall determine whether the charter school can reasonably be expected to accomplish the program goals such charter school established pursuant to subsection (c). If the state board finds such charter school is likely to achieve such program goals, the state board shall enter an order approving the school. If the state board finds such charter school is not likely to achieve such program goals, the state board shall deny the petition. The state board shall send a notification of denial to the petitioner and the board of education and shall specify the reasons therefor. Within 30 days from the date of the notification of denial, the board of education may submit a request to the state board for reconsideration of the petition and the board of education may submit an amended petition therewith. The state board shall act on such request within 60 days of receipt of the request.

(h) If a charter school that has been approved for establishment has sought waiver from any school district policy or state board of education rules and regulations, the board of education of the school district in which the charter school will be established may consider the reasons for which the waivers have been requested. If the board of education determines that the reasons for seeking such waivers are meritorious and legitimately related to successful operation of the charter school, the board of education may grant waiver of school district policy and may make application, on behalf of the charter school, to the state board of education for waiver of state board rules and regulations. The state board may consider the application for waiver and approve, deny, or amend and approve the application. Upon approval or amendment and approval of the application, the charter school may operate under the terms and conditions of the waiver. The manner and method of exercising the rights and performing the responsibilities, duties and functions provided for under any school district policy or state board rules and regulations that are waived under authority of this subsection shall be prescribed in the charter and governed thereby.

(i) Any charter school approved under this act shall receive from the local school board at least the base state aid per pupil plus applicable weightings, and other categorical funds attributable to students enrolled in the charter school.
