Sec. 180. On July 1, 2011, K.S.A. 2010 Supp. 72-8814 is hereby amended to read as follows: 72-8814. (a) There is hereby established in the state treasury the school district capital outlay state aid fund. Such fund shall consist of all amounts transferred thereto under the provisions of subsection (c).

(b) In each school year, each school district which levies a tax pursuant to K.S.A. 72-8801 et seq., and amendments thereto, shall be entitled to receive payment from the school district capital outlay state aid fund in an amount determined by the state board of education as provided in this subsection. The state board of education shall:

1. Determine the amount of the assessed valuation per pupil (AVPP) of each school district in the state and round such amount to the nearest $1,000. The rounded amount is the AVPP of a school district for the purposes of this section;

2. determine the median AVPP of all school districts;

3. prepare a schedule of dollar amounts using the amount of the median AVPP of all school districts as the point of beginning. The schedule of dollar amounts shall range upward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the highest AVPP of all school districts and shall range downward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the lowest AVPP of all
school districts;
(4) determine a state aid percentage factor for each school district by assigning a state aid computation percentage to the amount of the median AVPP shown on the schedule, decreasing the state aid computation percentage assigned to the amount of the median AVPP by one percentage point for each $1,000 interval above the amount of the median AVPP, and increasing the state aid computation percentage assigned to the amount of the median AVPP by one percentage point for each $1,000 interval below the amount of the median AVPP. Except as provided by K.S.A. 2010 Supp. 72-8814b, and amendments thereto, the state aid percentage factor of a school district is the percentage assigned to the schedule amount that is equal to the amount of the AVPP of the school district, except that the state aid percentage factor of a school district shall not exceed 100%. The state aid computation percentage is 25%;
(5) determine the amount levied by each school district pursuant to K.S.A. 72-8801 et seq., and amendments thereto;
(6) multiply the amount computed under (5), but not to exceed 8 mills, by the applicable state aid percentage factor. The product is the amount of payment the school district is entitled to receive from the school district capital outlay state aid fund in the school year.
(c) The state board shall certify to the director of accounts and reports the entitlements of school districts determined under the provisions of subsection (b), and an amount equal thereto shall be transferred by the director from the state general fund to the school district capital outlay state aid fund for distribution to school districts, except that no transfers shall be made from the state general fund to the school district capital outlay state aid fund during the fiscal years ending June 30, 2011, or June 30, 2012, or June 30, 2013. All transfers made in accordance with the provisions of this subsection shall be considered to be demand transfers from the state general fund.
(d) Payments from the school district capital outlay state aid fund shall be distributed to school districts at times determined by the state board of education. The state board of education shall certify to the director of accounts and reports the amount due each school district entitled to payment from the fund, and the director of accounts and reports shall draw a warrant on the state treasurer payable to the treasurer of the school district. Upon receipt of the warrant, the treasurer of the school district shall credit the amount thereof to the capital outlay fund of the school district to be used for the purposes of such fund.
(e) Amounts transferred to the capital outlay fund of a school district as authorized by K.S.A. 72-6433, and amendments thereto, shall not be included in the computation when determining the amount of state aid to which a district is entitled to receive under this section.
Sec. 181. On July 1, 2011, K.S.A. 2010 Supp. 75-2319 is hereby amended to read as follows: 75-2319. (a) There is hereby established in the state treasury the school district capital improvements fund. The fund shall consist of all amounts transferred thereto under the provisions of subsection (c).

(b) Subject to the provisions of subsection (f), in each school year, each school district which is obligated to make payments from its capital improvements fund shall be entitled to receive payment from the school district capital improvements fund in an amount determined by the state board of education as provided in this subsection. The state board of education shall:

(1) Determine the amount of the assessed valuation per pupil (AVPP) of each school district in the state and round such amount to the nearest $1,000. The rounded amount is the AVPP of a school district for the purposes of this section;

(2) determine the median AVPP of all school districts;

(3) prepare a schedule of dollar amounts using the amount of the median AVPP of all school districts as the point of beginning. The schedule of dollar amounts shall range upward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the highest AVPP of all school districts and shall range downward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the lowest AVPP of all school districts;

(4) determine a state aid percentage factor for each school district by assigning a state aid computation percentage to the amount of the median AVPP shown on the schedule, decreasing the state aid computation percentage assigned to the amount of the median AVPP by one percentage point for each $1,000 interval above the amount of the median AVPP, and increasing the state aid computation percentage assigned to the amount of the median AVPP by one percentage point for each $1,000 interval below the amount of the median AVPP. Except as provided by K.S.A. 2010 Supp. 75-2319c, and amendments thereto, the state aid percentage factor of a school district is the percentage assigned to the schedule amount that is equal to the amount of the AVPP of the school district. The state aid percentage factor of a school district shall not exceed 100%. The state aid computation percentage is 5% for contractual bond obligations incurred by a school district prior to the effective date of this act, and 25% for contractual bond obligations incurred by a school district on or after the effective date of this act;

(5) determine the amount of payments in the aggregate that a school district is obligated to make from its bond and interest fund and, of such
amount, compute the amount attributable to contractual bond obligations
incurred by the school district prior to the effective date of this act and the
amount attributable to contractual bond obligations incurred by the school
district on or after the effective date of this act;
(6) multiply each of the amounts computed under (5) by the
applicable state aid percentage factor; and
(7) add the products obtained under (6). The amount of the sum is the
amount of payment the school district is entitled to receive from the school
district capital improvements fund in the school year.
(c) The state board of education shall certify to the director of
accounts and reports the entitlements of school districts determined under
the provisions of subsection (b), and an amount equal thereto shall be
transferred by the director from the state general fund to the school district
capital improvements fund for distribution to school districts. All transfers
made in accordance with the provisions of this subsection shall be
considered to be demand transfers from the state general fund, except that
all such transfers during the fiscal years ending June 30, 2011, and June
30, 2012, and June 30, 2013, shall be considered to be revenue transfers
from the state general fund.
(d) Payments from the school district capital improvements fund shall
be distributed to school districts at times determined by the state board of
education to be necessary to assist school districts in making scheduled
payments pursuant to contractual bond obligations. The state board of
education shall certify to the director of accounts and reports the amount
due each school district entitled to payment from the fund, and the director
of accounts and reports shall draw a warrant on the state treasurer payable
to the treasurer of the school district. Upon receipt of the warrant, the
treasurer of the school district shall credit the amount thereof to the bond
and interest fund of the school district to be used for the purposes of such
fund.
(e) The provisions of this section apply only to contractual
obligations incurred by school districts pursuant to general obligation
bonds issued upon approval of a majority of the qualified electors of the
school district voting at an election upon the question of the issuance of
such bonds.
(f) Amounts transferred to the capital improvements fund of a school
district as authorized by K.S.A. 72-6433, and amendments thereto, shall
not be included in the computation when determining the amount of state
aid to which a district is entitled to receive under this section.
Sec. 182. On July 1, 2011, K.S.A. 2010 Supp. 75-6702 is hereby
amended to read as follows: 75-6702. (a) The last appropriation bill passed
in any regular session of the legislature shall be the omnibus reconciliation
spending limit bill. Each bill which is passed during a regular session of
the legislature and which appropriates or transfers money from the state
general fund for the ensuing fiscal year shall contain a provision that such
bill shall take effect and be in force from and after the effective date of the
omnibus reconciliation spending limit bill for that regular session of the
legislature or from and after such effective date and a subsequent date or
an event occurring after such effective date.

(b) Except as provided in subsection (c), the maximum amount of
expenditures and demand transfers from the state general fund that may be
authorized by act of the legislature during the 2004 regular session of the
legislature and each regular session of the legislature thereafter, is hereby
fixed so that there will be an ending balance in the state general fund for
the ensuing fiscal year that is equal to 7.5% or more of the total amount
authorized to be expended or transferred by demand transfer from the state
general fund in such fiscal year.

(c) The provisions of subsection (b) are hereby suspended for the
fiscal year ending June 30, 2012, and shall not prescribe a maximum
amount of expenditures and demand transfers from the state general fund
that may be authorized by act of the legislature during the 2011 regular session of the legislature.

Sec. 183. On July 1, 2011, K.S.A. 2010 Supp. 76-775 is hereby
amended to read as follows: 76-775. (a) Subject to the other provisions of
this act, on the first day of the first state fiscal year commencing after
receiving a certification of receipt of a qualifying gift under K.S.A. 2010
Supp. 76-774, and amendments thereto, the director of accounts and
reports shall transfer from the state general fund the amount determined by
the director of accounts and reports to be the earnings equivalent award for
such qualifying gift for the period of time between the date of certification
of the qualifying gift and the first day of the ensuing state fiscal year to
either (1) the endowed professorship account of the faculty of distinction
matching fund of the eligible educational institution, in the case of a
certification of a qualifying gift to an eligible educational institution that is
a state educational institution, or (2) the faculty of distinction program
fund of the state board of regents, in the case of a certification of a
qualifying gift to an eligible institution that is not a state educational
institution. Subject to the other provisions of this act, on each July 1
thereafter, the director of accounts and reports shall make such transfer
from the state general fund of the earnings equivalent award for such
qualifying gift for the period of the preceding state fiscal year. All transfers
made in accordance with the provisions of this subsection shall be
considered demand transfers from the state general fund, except that all
such transfers during the fiscal years ending June 30, 2011, and June 30,
2012, and June 30, 2013, shall be considered to be revenue transfers from
the state general fund.
(b) There is hereby established in the state treasury the faculty of
distinction program fund which shall be administered by the state board of
regents. All moneys transferred under this section to the faculty of
distinction program fund of the state board of regents shall be paid to
eligible educational institutions that are not state educational institutions
for earnings equivalent awards for qualifying gifts to such eligible
educational institutions. The state board of regents shall pay from the
faculty of distinction program fund the amount of each such transfer to the
eligible educational institution for the earnings equivalent award for which
such transfer was made under this section.

(c) The earnings equivalent award for an endowed professorship shall
be determined by the director of accounts and reports and shall be the
amount of interest earnings that the amount of the qualifying gift certified
by the state board of regents would have earned at the average net earnings
rate of the pooled money investment board portfolio for the period for
which the determination is being made.

(d) The total amount of new qualifying gifts which may be certified
to the director of accounts and reports under this act during any state fiscal
year for all eligible educational institutions shall not exceed $30,000,000.
The total amount of new qualifying gifts which may be certified to the
director of accounts and reports under this act during any state fiscal year
for any individual eligible educational institution shall not exceed
$10,000,000. No additional qualifying gifts shall be certified by the state
board of regents under this act when the total of all transfers from the state
general fund for earnings equivalent awards for qualifying gifts pursuant
to this section and amendments thereto for a fiscal year is equal to or
greater than $6,000,000 in fiscal year 2009, $7,000,000 in fiscal year 2010
and $8,000,000 in fiscal year 2011 and in each fiscal year thereafter.

Sec. 184. On July 1, 2011, K.S.A. 2010 Supp. 76-783 is hereby
amended to read as follows: 76-783. (a) (1) The Kansas development
finance authority is hereby authorized to issue from time to time bonds on
behalf of the board of regents in such principal amounts as the Kansas
development finance authority and the board of regents determine to be
necessary to provide sufficient funds to finance scientific research and
development facilities, including, but not limited to, the payment of
interest on such bonds, the establishment of reserves to secure such bonds,
costs of issuance, refunding any outstanding bonds, and all other
expenditures of the board of regents incident to and necessary or
convenient to carry out the powers and functions authorized by this act.
The Kansas development finance authority shall not issue any bond or
bonds on behalf of the corporation formed by the board of regents under
this act. The Kansas development finance authority shall not issue bonds
under this act for more than $120,000,000, in the aggregate, plus all
amounts required for costs of any bond issuance, costs of interest on any
bond issued or obtained for such scientific research and development
facilities and any required reserves for payment of principal and interest on
any such bond.

(2) Except as may otherwise be expressly provided by the board of
regents, every obligation of the board of regents with respect to such bonds
shall be an obligation of the board of regents payable out of any revenues
or moneys of the board of regents derived from annual appropriations of
the legislature. Subject only to any agreements with holders of particular
bonds pledging any particular revenues, the board of regents shall use
moneys derived from scientific research and development facilities to
provide funds sufficient to pay principal and interest on any bonds issued
pursuant to this act commencing after the date a project is completed and
has been accepted by the board of regents. Subject to the provisions of
appropriation acts, payment of principal and interest on the bonds shall be
made by the state board of regents from annual appropriations by the
legislature from such revenues as are furnished by the board of regents, or
from any other available funds, in amounts sufficient to pay principal and
interest on the bonds until the bonds are finally paid.

(3) Upon acceptance by the board of regents of each project initiated
and completed under this act and upon a determination by the board of
regents that the period for repayment of debt for such project is to
commence, the board of regents shall certify to the director of accounts
and reports that principal and interest payments for such project are to
commence and the dates and amounts of all principal and interest
payments for such project. Pursuant to each such certification and
commencing on or after July 1, 2004, the director of accounts and reports
shall transfer, from the state general fund to the debt service fund or funds
at a state educational institution as specified in the certification for such
project, the amount certified on or before the respective payment date
therefor. Transfers shall be made under this section pursuant to any such
certification on or after July 1, 2004. All such transfers during the fiscal
years ending June 30, 2011, and June 30, 2012, and June 30, 2013, shall
be considered to be revenue transfers from the state general fund. The
aggregate of all such transfers from the state general fund during any fiscal
year shall not exceed $10,000,000 and the aggregate of all such transfers
from the state general fund under this section shall not exceed
$50,000,000. The Kansas development finance authority and the board of
regents shall enter into contracts with respect to the scientific research and
development facilities financed under this act prescribing the obligation of
the board of regents and the state educational institutions to provide for
repayment of amounts of bond debt service in addition to those amounts
provided for by transfers under this section from the state general fund.
The bonds shall be authorized by a resolution adopted by the board of directors of the Kansas development finance authority.

(2) Except as otherwise provided in this act, bonds issued by the Kansas development finance authority under authority of this act shall be subject to the provisions of K.S.A. 74-8901 et seq., and amendments thereto.

(c) Any resolution authorizing the board of regents to incur any obligation with respect to bonds issued by the Kansas development finance authority may contain such provisions as deemed appropriate by the board of regents for the purpose of carrying out the purposes of this act and securing such bonds, which shall be a part of the contract with the holders thereof, including, but not limited to, provisions:

(1) Pledging all or any part of the revenues of the board of regents derived from scientific research and development facilities to secure the payment of the bonds or of any issue thereof, subject to such agreements with bondholders as may then exist;

(2) the setting aside of reserves or sinking funds and the regulation and disposition thereof;

(3) limitations on the issuance of additional bonds or other obligations, the terms upon which additional bonds or obligations may be issued and secured, and the refunding of outstanding or other bonds;

(4) defining the acts or omissions to act which shall constitute a default in the obligations and duties of the board of regents to the Kansas development finance authority, the applicable bond trustee or the holders of the bonds, except that such rights and remedies shall not be inconsistent with the general laws of this state and the other provisions of this act; and

(5) any other matters, of like or different character, which in any way affect the security or protection of the holders of the notes or bonds.

(d) Any of the provisions relating to any bonds described in this section may be set forth in a trust indenture, loan agreement, lease agreement or other financing document authorized by a resolution of the board of regents or the board of directors of the Kansas development finance authority.

(e) The bonds of each issue may, in the discretion of the board of directors of the Kansas development finance authority, be made redeemable before maturity at such prices and under such terms and conditions as may be determined by the board of directors of the Kansas development finance authority. Bonds issued on behalf of the board of regents shall mature at such time, not exceeding 30 years from their date of issue, as may be determined by the board of regents and the board of directors of the Kansas development finance authority. The bonds may be issued as serial bonds payable in annual installments or as term bonds or as a combination thereof. The bonds shall bear interest at such rate either
fixed or variable, be in such denominations, be in such form, either coupon
or registered, carry such registration privileges, be executed in such
manner, be payable in such medium of payment and at such place, and be
subject to such terms of redemption as provided in the resolution of trust
indenture. The bonds may be sold by the Kansas development finance
authority, at public or private sale, at such price as the board of directors of
the Kansas development finance authority shall determine.

(f) In case any officer of the Kansas development finance authority
whose signature or a facsimile of whose signature appears on any bonds or
coupons attached thereto ceases to be such officer before the delivery
thereof, such signature or such facsimile shall nevertheless be valid and
sufficient for all purposes the same as if such officer had remained in
office until such delivery.

(g) Any bonds issued by the Kansas development finance authority
pursuant to this section, and the income therefrom (including any profit
from the sale thereof) shall at all times be free from taxation by the state or
any agency, political subdivision or instrumentality of the state, including
income and property taxes.

(h) Any holder of bonds issued under the provisions of this act, or
any coupons appertaining thereto and the trustee under any trust agreement
or resolution authorizing the issuance of such bonds, except the rights
under this act may be restricted by such trust agreement or resolution, may,
either at law or in equity by suit, action, mandamus or other proceeding,
protect and enforce any and all rights under the laws of the state or granted
under this act or under such agreement or resolution, or under any other
contract executed by the board of regents pursuant to this act, and may
enforce and compel the performance of all duties required by this act or by
such trust agreement or resolution to be performed by the board of regents
or by an officer thereof.

(i) The bonds shall be special, limited obligations of the Kansas
development finance authority and the state shall not be liable for bonds
issued by the Kansas development finance authority on behalf of the board
of regents, and such bonds shall not constitute a debt of the state.

(j) Neither the board of regents, the board of the Kansas development
finance authority nor any authorized employee of the board of regents or
the Kansas development finance authority shall be personally liable for
such bonds by reason of the issuance thereof.

(k) Nothing in this act shall be construed as a restriction or limitation
upon any other powers which the board of regents might otherwise have
under any other law of this state, and this act is cumulative to any such
powers. This act does and shall be construed to provide a complete,
additional and alternative method for the doing of the things authorized
thereby and shall be regarded as supplemental and additional to powers
conferred by other laws. The issuance of bonds under the provisions of this act need not comply with the requirements of any other state law applicable to the issuance of bonds. No proceedings, notice or approval shall be required for the issuance of any bonds or any instrument as security therefor, except as is provided in this act.

(l) Any of the provisions relating to bonds described in this section may be included in any contracts between the board of regents and the Kansas development finance authority relating to obligations of the Kansas development finance authority issued on behalf of the board of regents.
