Sec. 3. There is hereby created within the department of commerce a Kansas small, minority and woman-owned business development program. The director shall administer the provisions of the Kansas small, minority and woman-owned business development program. In administering the provisions of the Kansas small, minority and woman-owned business development program, the director is authorized to:

(a) Employ such staff as are necessary to carry out the purposes of this act.
(b) Develop, plan and implement, in consultation with the committee, one or more programs to provide an opportunity for participation by qualified small, minority or woman-owned businesses in public works and the process by which goods and services are procured by state agencies and postsecondary educational institutions from the private sector.
(c) Develop, in consultation with the committee, a comprehensive plan insuring that small, minority and woman-owned businesses are provided an opportunity to participate in public contracts for public works,
goods and services.

(d) Identify, in consultation with the advisory committee on small, minority and woman-owned business enterprises, any barrier to equal participation by a qualified small, minority or woman-owned business in all state agency and postsecondary educational institution contracts.

(e) Establish annual overall goals for participation by qualified small, minority or woman-owned and controlled businesses for each state agency and postsecondary educational institution to be administered on a contract-by-contract basis or on a class-of-contracts basis.

(f) Develop and maintain a central small, minority or woman-owned business certification list for all state agencies and postsecondary educational institutions. No business shall be entitled to certification under this act unless it meets the definition of a small, minority or woman-owned business as established by the office.

(g) Develop, implement and operate a system of monitoring compliance with this act.

(h) Adopt rules and regulations in accordance with the rules and regulations filing act, governing:

(1) Establishment of agency goals;

(2) development and maintenance of a central small, minority and woman-owned business certification program, including a definition of “small, minority and woman-owned business,” which shall be consistent with the small business requirements defined under 15 U.S.C. § 632, and the regulations promulgated thereunder, and Kansas law;

(3) procedures for monitoring and enforcing compliance with goals, regulations, contract provisions and this act;

(4) utilization of standard clauses by state agencies and postsecondary educational institutions; and

(5) determination of an agency’s or postsecondary educational institution’s goal attainment consistent with the limitations of section 7, and amendments thereto.

(i) Submit an annual report to the governor and the legislature outlining the progress in implementing this chapter.

(j) Investigate complaints of violations of this chapter with the assistance of the involved agency or postsecondary educational institution.

(k) Cooperate and act jointly with the United States or other states, and with political subdivisions of the state of Kansas and their respective small, minority, socially and economically disadvantaged and woman-owned business enterprise programs to carry out the purposes of this act. However, the power which may be exercised by the office under this subsection permits investigation and imposition of sanctions only if the investigation relates to a possible violation of this act, including any rule and regulation adopted thereunder, and not to a violation of any local
ordinance, rule, regulation, or resolution, however denominated, adopted
by a political subdivision of the state.

(l) Establish an advisory committee on small, minority and woman-
owned business enterprises and any other ad hoc advisory committees, as
necessary, to assist in the development of policies to carry out the purposes
of this act.

(m) Enter into contracts necessary to carry out the provisions of this
act.

Sec. 4. The rules adopted under subsection (h) of section 3, and
amendments thereto, shall include requirements for standard clauses in
requests for proposals, advertisements, bids, or calls for bids, necessary to
carry out the purposes of this chapter, which shall include notice of the
statutory penalties under sections 8 and 9, and amendments thereto, for
noncompliance.

Sec. 5. Each state agency and postsecondary educational institution
shall comply with the annual goals established for that agency or
institutions under this chapter for public works and procuring goods or
services. This chapter applies to all public works and procurement by state
agencies and postsecondary educational institutions, including all contracts
and other procurement under chapter 75 of the Kansas Statutes Annotated,
and amendments thereto. Each state agency shall adopt a plan, developed
in consultation with the director and the advisory committee, to insure that
small, minority and woman-owned businesses are afforded the maximum
practicable opportunity to directly and meaningfully participate in the
execution of public contracts for public works and goods and services. The
plan shall include specific measures the agency will undertake to increase
the participation of certified small, minority-owned and woman-owned
businesses. The office shall annually notify the governor and the state
auditor of all agencies and postsecondary educational institutions not in
compliance with this chapter and the legislative audit and review
committee of each such agency and postsecondary educational institutions.

Sec. 6. (a) It is the intent of this act that the goals established under
this act for participation by small, minority and woman-owned businesses
be achievable. Notwithstanding any other law to the contrary, if necessary
to accomplish this intent, any contract may be awarded to the next lowest
responsible bidder in turn, or all bids may be rejected and new bids
obtained, if the lowest responsible bidder, without justification, does not
meet the goals established for a particular contract under this act. The
dollar value of the total contract used for the calculation of the specific
contract goal may be increased or decreased to reflect executed change
orders. An apparent low-bidder must be in compliance with the contract
provisions required under this chapter as a condition precedent to the
granting of a notice of award by any state agency or postsecondary
educational institution, including either goal attainment or submission and
approval of an acceptable request for waiver.

(b) "Justification" requires the submission, review and acceptance of
the bidder's notarized affidavit setting forth the good faith efforts made by
the bidder to meet goals, and specifying the specific reasons such goals
were not attainable on the project at the time of bid.

Sec. 7. For the purpose of measuring a state agency’s or
postsecondary educational institution’s goal attainment, any regulations
adopted under subsection (h) of section 3, and amendments thereto, shall
provide that if a certified small, minority or woman-owned business is a
broker of goods or materials required under a contract, the contracting
agency or postsecondary educational institution may count only the dollar
value of the fee or commission charged and not the value of goods or
materials provided. The contracting agency or postsecondary educational
institution may, at its discretion, fix the dollar value of the fee or
commission charged at either the actual dollar value of the fee or
commission charged or at a standard percentage of the total value of the
brokered goods, which percentage must reflect the fees or commissions
generally paid to brokers for providing such services.

Sec. 8. (a) No person, firm, corporation, business, union or other
organization shall:

(1) Prevent or interfere with a contractor’s or subcontractor’s
compliance with this act or any rule and regulation adopted thereunder;
(2) submit any false or fraudulent information to the director
concerning compliance with this act or chapter or any rule and regulation
adopted thereunder;
(3) fraudulently obtain, retain, attempt to obtain or retain, or aid
another in fraudulently obtaining or retaining or attempting to obtain or
retain certification as a small, minority or woman-owned business for the
purpose of this act;
(4) knowingly make a false statement, whether by affidavit, verified
statement, report, or other representation, to any state official or employee
for the purpose of influencing the certification or denial of certification of
any entity as a small, minority or woman-owned business enterprise;
(5) knowingly obstruct, impede, or attempt to obstruct or impede any
state official or employee who is investigating the qualification of a
business entity that has requested certification as a small, minority or
woman-owned business;
(6) fraudulently obtain, attempt to obtain, or aid another person in
fraudulently obtaining or attempting to obtain public moneys to which the
person is not entitled under this act or any rule and regulation adopted
thereunder; or
(7) knowingly make any false statement or representation that any
entity is or is not certified as a small, minority or woman-owned business for purposes of obtaining a contract governed by this act or any rule and regulation adopted thereunder.

(b) Any person or entity violating this act or any rule adopted thereunder shall be subject to the penalties in section 9, and amendments thereto. No provision of this section, and amendments thereto, shall prevent the state agency or postsecondary educational institution from pursuing any such procedure or sanction as is otherwise provided by statute, rule and regulation, or contract provision.

Sec. 9. (a) If the director determines after notice and an opportunity for a hearing in accordance with the Kansas administrative procedure act that a person, firm, corporation or business has engaged in or is engaging in any act or practice constituting a violation of any provision of this act, any rule and regulation adopted thereunder or with a contract requirement established under this act, the director, in consultation with the appropriate state official, may withhold payment, debar the contractor, suspend, or terminate the contract and subject the contractor to civil or criminal penalties, or both, for fraud. The director shall adopt, by rule and regulation, criteria for the imposition of penalties under this section, and amendments thereto.

(b) Any willful repeated violation, exceeding a single violation, may disqualify the contractor from further participation in state contracts for a minimum period of three years to a maximum of permanent disbarment. An apparent low-bidder must be in compliance with the contract provisions required under this chapter as a condition precedent to the granting of a notice of award by any state agency or postsecondary educational institution.

(c) The procedures and sanctions provided in this section, and amendments thereto, shall be in addition to all other remedies provided by law. No provision of this section, and amendments thereto, shall prevent any state agency or postsecondary educational institution administering the contract from pursuing such other procedures or sanctions as are otherwise provided by statute, rule and regulation or contract provision.

Sec. 10. The attorney general may bring an action in the name of the state against any person to restrain and prevent the doing of any act prohibited or declared to be unlawful in this chapter. The attorney general may, in the discretion of the court, recover the costs of the action including reasonable attorney fees and the costs of investigation.

Sec. 11. The office and the department of transportation shall be the only authorities to perform certification of minority business enterprises, women business enterprises and socially and economically disadvantaged business enterprises throughout the state of Kansas. Certification by the state office will allow these firms to participate in programs for these
enterprises administered by the state of Kansas, any city, town, county, special purpose district, public corporation created by the state, municipal corporation, or quasi-municipal corporation within the state of Kansas.

Sec. 12. Each city, county and unified school district is hereby authorized to adopt a small, minority or woman-owned business procurement program similar to the program established under this act.

Sec. 13. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances shall not be affected.

Sec. 14. This act shall take effect and be in force from and after its publication in the statute book.
