AN ACT concerning experience requirements for certain contractors;
amending K.S.A. 2011 Supp. 12-1509, 12-1526 and 12-1542 and
repealing the existing sections.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 2011 Supp. 12-1509 is hereby amended to read as
follows: 12-1509. (a) Any county or city requiring the licensure of
plumbers practicing within the county or city may conduct examinations
designated by K.S.A. 12-1508, and amendments thereto, for the purpose of
determining the competency of applicants for such licensure and shall not
be allowed to ask further questions not designated on such examination.
The board of county commissioners of such county or the governing body
of such city shall adopt rules and regulations: (1) Governing the conduct
and grading of such examinations; (2) prescribing a minimum score of
75% for passage of examinations; (3) fixing a uniform fee to be charged
all applicants taking each such examination; and (4) requiring all persons
receiving such license annually to obtain not less than 12 hours biennially
or six hours annually of continuing education approved by such local
governing body. Not less than six hours biennially or three hours annually
shall consist of code education. Continuing education may be provided by
the local governing body, a nationally recognized trade association,
community college, technical school, technical college or other provider
approved by the local governing body. All hours of education shall consist
of training relative to construction, maintenance and code update training.
Neither the county commission nor the governing body of such city shall
impose any restriction on the number of providers of such continuing
education.

(b) The certificate of competency received by any person who
completes the experience requirements specified in subsection (e) and who
successfully passes an examination designated by K.S.A. 12-1508, and
amendments thereto, shall be valid proof of competency for licensure,
without additional examination, in any county or city of the state which
requires licensure of plumbers practicing within such county or city. The
county or city shall issue the appropriate license certificate to any
applicant therefor who presents such a certificate of competency and who
demonstrates that such applicant has met the experience requirements

specified in subsection (e). The county or city shall fix a uniform fee to be charged all such applicants for licensure.

(c) All new licenses issued by a county or city upon the basis of successful passage of an examination designated by K.S.A. 12-1508, and amendments thereto, shall bear a distinctive notation identifying the testing agency and the specific test by name. All such licenses renewed upon the basis of completed continuing education as provided by subsection (a) shall bear a distinctive notation to verify such completion. All such licenses shall be valid in any other county or city which requires examination and licensure of plumbers for practice in such county or city.

(d) No person who was certified or licensed prior to July 1, 1989, upon the basis of passage of a standard examination designated as such under the provisions of article 15 of chapter 12 of Kansas Statutes Annotated, and amendments thereto, and whose certificate or license was issued by a political subdivision which prescribed a minimum score of not less than 70% for passage of such examination, shall be required to be reexamined for renewal of certification or licensure.

(e) Before sitting for the standard examination designated by K.S.A. 12-1508, and amendments thereto, an applicant for a journeyman certificate shall demonstrate issuing a journeyman certificate, the issuing jurisdiction shall verify the validity of the applicant's documented proof of a minimum of two years field experience. "Field experience" means working under the direct supervision of a person having a valid journeyman certificate or master certificate or attending trade related schooling. No more than one year of the requirement may be satisfied by trade related schooling. Schooling shall consist of a minimum of 240 hours classroom training.

(f) Before sitting for the standard examination designated by K.S.A. 12-1508, and amendments thereto, an applicant for a master certificate shall demonstrate issuing a master certificate, the issuing jurisdiction shall verify the validity of the applicant's documented proof of having a valid journeyman certificate for a minimum of two years or having field experience for a minimum of four years.

(g) (1) No person shall install, improve, repair, maintain or inspect a medical gas piping system within a county or city unless such person: (A) Is licensed under the provisions of K.S.A. 12-1508 et seq., and amendments thereto; and (B) is certified under the appropriate professional qualifications standard or standards of ASSE Series 6000. All installers shall obtain a proper permit from the county or city for which the medical gas is being installed, all inspections shall be done by a third party agency certified under the appropriate professional qualifications standard or standards of ASSE Series 6000 for medical gas systems inspectors and all documentation of the inspections and certifications of installers and
inspectors shall be provided to the county or city prior to any occupancy of
the building or unit of the building in which the medical gas piping has
been installed until an occupancy permit is issued. This subsection shall
not apply in counties or cities in which building codes require an inspector
certified by a nationally-recognized code organization to inspect medical
gas installation prior to an occupancy permit being issued or to limited
maintenance on a medical gas piping system previously installed in a
hospital when performed by hospital maintenance personnel.

(2) As used in this subsection (g):
(A) "Medical gas piping" means the piping used solely to transport
gasses used for medical purposes at a health care facility or the place of
business of a health care provider;
(B) "limited maintenance" means minor repair or replacement of
incidental parts and any related inspection or testing; and
(C) "hospital" means a medical care facility as defined in K.S.A. 65-
425, and amendments thereto, and includes within its meaning any clinic,
long-term care facility, limited care residential facility and joint enterprises
for the provision of health care services operated in connection with the
operation of the medical care facility.

Sec. 2. K.S.A. 2011 Supp. 12-1526 is hereby amended to read as
follows: 12-1526. (a) Any county or city requiring the licensure of
electricians practicing within the county or city may conduct examinations
designated by K.S.A. 12-1525, and amendments thereto, for the purpose of
determining the competency of applicants for such licensure and shall not
be allowed to ask further questions not designated on such examination.
The board of county commissioners of such county or the governing body
of such city shall adopt rules and regulations: (1) Governing the conduct
and grading of such examinations; (2) prescribing a minimum score of
75% for passage of examinations; (3) fixing a uniform fee to be charged
all applicants taking each such examination; and (4) requiring all persons
receiving such license to obtain not less than 12 hours biennially or six
hours annually of continuing education approved by such local governing
body. Not less than six hours biennially or three hours annually shall
consist of code education. Continuing education may be provided by the
local governing body, a nationally recognized trade association,
community college, technical school, technical college or other provider
approved by the local governing body. All hours of education shall consist
of training relative to construction, maintenance and code update training.
Neither the county commission nor the governing body of such city shall
impose any restriction on the number of providers of such continuing
education.

(b) The certificate of competency received by any person who
completes the experience requirements specified in subsection (e) and who
successfully passes an examination designated by K.S.A. 12-1525, and
amendments thereto, shall be valid proof of competency for licensure,
without additional examination, in any county or city of the state which
requires licensure of electricians practicing within such county or city. The
county or city shall issue the appropriate license certificate to any
applicant therefor who presents such a certificate of competency and who
demonstrates that such applicant has met the experience requirements
specified in subsection (e). The county or city shall fix a uniform fee to be
charged all such applicants for licensure.

(c) All new licenses issued by a county or city upon the basis of
successful passage of an examination designated by K.S.A. 12-1525, and
amendments thereto, shall bear a distinctive notation identifying the
testing agency and the specific test by name. All licenses renewed upon the
basis of completed continuing education as provided by subsection (a)
shall bear a distinctive notation to verify such completion. All such
licenses shall be valid in any other county or city which requires
examination and licensure of electricians for practice in such county or
city.

(d) No person who was certified or licensed prior to July 1, 1989,
upon the basis of passage of a standard examination designated as such
under the provisions of article 15 of chapter 12 of Kansas Statutes
Annotated, and amendments thereto, and whose certificate or license was
issued by a political subdivision which prescribed a minimum score of not
less than 70% for passage of such examination, shall be required to be
reexamined for renewal of certification or licensure.

(e) Before sitting for the standard examination designated by K.S.A.
12-1525, and amendments thereto, an applicant for a journeyman or
residential certificate shall demonstrate issuing a journeyman or
residential certificate, the issuing jurisdiction shall verify the validity of
the applicant's documented proof of a minimum of two years field
experience. "Field experience" means working under the direct supervision
of a person having a valid journeyman certificate, residential certificate or
master certificate or attending trade related schooling. No more than one
year of the requirement may be satisfied by trade related schooling.
Schooling shall consist of a minimum of 240 hours classroom training.

(f) Before sitting for the standard examination designated by K.S.A.
12-1525, and amendments thereto, an applicant for a master certificate
shall demonstrate issuing a master certificate, the issuing jurisdiction shall
verify the validity of the applicant's documented proof of having a valid
journeyman certificate for a minimum of two years.

Sec. 3. K.S.A. 2011 Supp. 12-1542 is hereby amended to read as
follows: 12-1542. (a) Any county or city requiring the licensure of
mechanical heating, ventilation and air conditioning contractors and
master and journeyman heating, ventilation and air conditioning
mechanics practicing within the county or city may conduct examinations
designated by K.S.A. 12-1541, and amendments thereto, for the purpose of
determining the competency of applicants for such licensure and shall not
be allowed to ask further questions not designated on such examination.
The board of county commissioners of such county or the governing body
of such city shall adopt rules and regulations: (1) Governing the conduct
and grading of such examinations; (2) prescribing a minimum score of
75% for passage of examinations; (3) fixing a uniform fee to be charged
all applicants taking each such examination; and (4) requiring all persons
receiving such license annually to obtain not less than 12 hours biennially
or six hours annually of continuing education approved by such local
governing body. Not less than six hours biennially or three hours annually
shall consist of code education. Continuing education may be provided by
the local governing body, a nationally recognized trade association,
community college, technical school, technical college or other provider
approved by the local governing body. All hours of education shall consist
of training relative to construction, maintenance and code update training.
Neither the county commission nor the governing body of such city shall
impose any restriction on the number of providers of such continuing
education.

(b) The certificate of competency received by any person who
completes the experience requirements specified in subsection (e) and who
successfully passes an examination designated by K.S.A. 12-1541, and
amendments thereto, shall be valid proof of competency for licensure,
without additional examination, in any county or city of the state which
requires licensure of mechanical heating, ventilation and air conditioning
contractors and master and journeyman heating, ventilation and air
conditioning mechanics practicing within such county or city. The county
or city shall issue the appropriate license certificate to any applicant
therefor who presents such a certificate of competency and who
demonstrates that such applicant has met the experience requirements
specified in subsection (e). The county or city shall fix a uniform fee to be
charged all such applicants for licensure.

(c) All new licenses issued by a county or city upon the basis of
successful passage of an examination designated by K.S.A. 12-1541, and
amendments thereto, shall bear a distinctive notation identifying the
testing agency and the specific test by name. All licenses renewed upon the
basis of completed continuing education as provided by subsection (a)
shall bear a distinctive notation to verify such completion. All such
licenses shall be valid in any other county or city which requires
examination and licensure of mechanical heating, ventilation and air
conditioning contractors and master and journeyman heating, ventilation
and air conditioning mechanics for practice in such county or city.

(d) No person who was certified or licensed prior to July 1, 1989, upon the basis of passage of a standard examination designated by the political subdivision and whose certificate or license was issued by such political subdivision which prescribed a minimum score of not less than 70% for passage of such examination, shall be required to be reexamined for renewal of certification or licensure.

(e) Before sitting for the standard examination designated by K.S.A. 12-1541, and amendments thereto, an applicant for a journeyman heating, ventilation and air conditioning mechanic certificate shall demonstrate issuing a journeyman heating, ventilation and air conditioning mechanic certificate, the issuing jurisdiction shall verify the validity of the applicant's documented proof of a minimum of two years field experience. "Field experience" means working under the direct supervision of a person having a valid journeyman certificate or master certificate or attending trade related schooling. No more than one year of the requirement may be satisfied by trade related schooling. Schooling shall consist of minimum of 240 hours classroom training.

(f) Before sitting for the standard examination designated by K.S.A. 12-1541, and amendments thereto, an applicant for a master heating, ventilation and air conditioning mechanic certificate shall demonstrate issuing a master heating, ventilation and air conditioning certificate, the issuing jurisdiction shall verify the validity of the applicant's documented proof of having a valid journeyman certificate for a minimum of two years or having field experience for a minimum of four years.

Sec. 4. K.S.A. 2011 Supp. 12-1509, 12-1526 and 12-1542 are hereby repealed.

Sec. 5. This act shall take effect and be in force from and after its publication in the statute book.
