HOUSE BILL No. 2777

AN ACT concerning state institutions; relating to special education and related services provided by the state school for the blind and the state school for the deaf; amending K.S.A. 76-1006 and 76-1102 and K.S.A. 2011 Supp. 72-978 and repealing the existing sections.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 2011 Supp. 72-978 is hereby amended to read as follows:

(a) Each year, the state board of education shall determine the amount of state aid for the provision of special education and related services each school district shall receive for the ensuing school year. The amount of such state aid shall be computed by the state board as provided in this section. The state board shall:

(1) Determine the total amount of general fund and local option budgets of all school districts;

(2) subtract from the amount determined in paragraph (1) the total amount attributable to assignment of transportation weighting, program weighting, special education weighting and at-risk pupil weighting to enrollment of all school districts;

(3) divide the remainder obtained in paragraph (2) by the total number of full-time equivalent pupils enrolled in all school districts on September 20;

(4) determine the full-time equivalent enrollment of exceptional children receiving special education and related services provided by all school districts;

(5) multiply the amount of the quotient obtained in paragraph (3) by the full-time equivalent enrollment determined in paragraph (4);

(6) determine the amount of federal funds received by all school districts for the provision of special education and related services;

(7) determine the amount of revenue received by all school districts rendered under contracts with the state institutions for the provisions of special education and related services by the state institution;

(8) add the amounts determined under paragraphs (6) and (7) to the amount of the product obtained under paragraph (5);

(9) determine the total amount of expenditures of all school districts for the provision of special education and related services;

(10) subtract the amount of the sum obtained under paragraph (8) from the amount determined under paragraph (9); and

(11) multiply the remainder obtained under paragraph (10) by 92%.

The computed amount is the amount of state aid for the provision of special education and related services aid a school district is entitled to receive for the ensuing school year.

(b) Each school district shall be entitled to receive:

(1) Reimbursement for actual travel allowances paid to special teachers at not to exceed the rate specified under K.S.A. 75-3203, and amendments thereto, for each mile actually traveled during the school year in connection with duties in providing special education or related services for exceptional children; such reimbursement shall be computed by the state board by ascertaining the actual travel allowances paid to special teachers by the school district for the school year and shall be in an amount equal to 80% of such actual travel allowances;

(2) reimbursement in an amount equal to 80% of the actual travel expenses incurred for providing transportation for exceptional children to special education or related services; such reimbursement shall not be paid if such child has been counted in determining the transportation weighting of the district under the provisions of the school district finance and quality performance act;

(3) reimbursement in an amount equal to 80% of the actual expenses incurred for the maintenance of an exceptional child at some place other than the residence of such child for the purpose of providing special education or related services; such reimbursement shall not exceed $600 per exceptional child per school year; and

(4) subject to the provisions of subsection (f) and except for those school districts entitled to receive reimbursement under subsection (c) or (d), after subtracting the amounts of reimbursement under paragraphs (1), (2) and (3) of this subsection (a) from the total amount appropriated for special education and related services under this act, an amount which bears the same proportion to the remaining amount appropriated as the number of full-time equivalent special teachers who are qualified to provide special education or related services to exceptional children and are employed by the school district for approved special education or related
services bears to the total number of such qualified full-time equivalent
special teachers employed by all school districts for approved special ed-
ucation or related services.

(B) Each special teacher who is qualified to assist in the provision of
special education or related services to exceptional children shall be
counted as \( \frac{2}{5} \) full-time equivalent special teacher who is qualified to pro-
vide special education or related services to exceptional children.

(C) For purposes of this paragraph (4), a special teacher, qualified to
assist in the provision of special education and related services to excep-
tional children, who assists in providing special education and related
services to exceptional children at either the state school for the blind or
the state school for the deaf and whose services are paid for by a school
district pursuant to K.S.A. 76-1006 or 76-1102, and amendments thereto,
shall be considered a special teacher of such school district.

(c) Each school district which has paid amounts for the provision of
special education and related services under an interlocal agreement shall
be entitled to receive reimbursement under subsection (b)(4). The
amount of such reimbursement for the district shall be the amount which
bears the same relation to the aggregate amount available for reimburse-
ment for the provision of special education and related services under the
interlocal agreement, as the amount paid by such district in the current
school year for provision of such special education and related services
bears to the aggregate of all amounts paid by all school districts in the
current school year who have entered into such interlocal agreement for
provision of such special education and related services.

(d) Each contracting school district which has paid amounts for the
provision of special education and related services as a member of a co-
operative shall be entitled to receive reimbursement under subsection
(b)(4). The amount of such reimbursement for the district shall be the
amount which bears the same relation to the aggregate amount available for reimbursement for the provision of special education and related serv-
ices by the cooperative, as the amount paid by such district in the current
school year for provision of such special education and related services
bears to the aggregate of all amounts paid by all contracting school dis-
tricts in the current school year by such cooperative for provision of such
special education and related services.

(e) No time spent by a special teacher in connection with duties per-
formed under a contract entered into by the Kansas juvenile correctional
complex, the Atchison juvenile correctional facility, the Larned juvenile
correctional facility, or the Topeka juvenile correctional facility and a
school district for the provision of special education services by such state
institution shall be counted in making computations under this section.

(f) (1) In school year 2012-2013 and in each school year thereafter,
the state board of education shall determine the minimum and maximum
amount of state aid that a school district may receive under paragraph (4)
of subsection (b) for the current school year as follows:

(A) Determine the total amount of moneys appropriated as state aid
for the provision of special education and related services to all school
districts for the current school year;

(B) subtract the amount of moneys paid to all school districts under
paragraphs (1), (2) and (3) of subsection (b) of this section, K.S.A. 72-909,
and K.S.A. 2011 Supp. 72-908, and amendments thereto, for the current
school year;

(C) divide the remainder obtained under

subparagraph (B) by the

total full-time equivalent enrollment of all school districts in the current
school year;

(2) (A) multiply the quotient obtained under subparagraph (1)(C) by

the full-time equivalent enrollment of the school district in the current
school year;

(B) multiply the product obtained under subparagraph (A) by

75. The product is the minimum amount of state aid the district may
receive under paragraph (4) of subsection (b) for the current school year;

(C) multiply the quotient obtained under subparagraph (A) by

1.50. The product is the maximum amount of state aid the district may
receive under paragraph (4) of subsection (b) for the current school year.

(3) If the amount determined under paragraph (4) of subsection (b)
is less than the product obtained under subparagraph (2)(B), the district
shall receive state aid in an amount equal to the product obtained under
subparagraph (2)(B), plus any amount determined under paragraph (5) of this subsection.

(4) If the amount determined under paragraph (4) of subsection (b), plus any amount determined under paragraph (5) of this subsection, is greater than the product obtained under subparagraph (2)(C), the district shall receive state aid in an amount equal to the product obtained under subparagraph (2)(C). The balance of state aid remaining after determining the amount of state aid payable to districts under this paragraph shall be reallocated to districts as provided by paragraph (5) of this subsection.

(5) The balance of state aid remaining after determining the amount of state aid payable to districts under paragraph (4) of this subsection shall be reallocated to districts which have not received state aid in an amount equal to the product obtained under subparagraph (2)(B). Such state aid shall be reallocated to such districts in the same manner as the original allocation. If the balance is insufficient to pay each such district the minimum amount specified in this subsection, the state board shall prorate the balance among such districts.

(6) The provisions of this subsection (f) shall expire on June 30, 2014.

Sec. 2. K.S.A. 76-1006 is hereby amended to read as follows: 76-1006.
