
Be it enacted by the Legislature of the State of Kansas:

New Section 1. (a) There is hereby created in the state treasury the job creation program fund. The secretary of commerce, in consultation with the secretary of revenue and the governor, shall administer the fund. All expenditures from the fund shall be for the purpose of promoting job creation and economic development by funding projects related to: (1) Major expansion of an existing Kansas commercial enterprise; (2) potential location in Kansas of the operations of major employer; (3) award of a significant federal or private sector grant which has a financial matching requirement; (4) potential departure from Kansas or the substantial reduction of the operations of a major Kansas employer; (5) training or retraining activities for employees in Kansas companies; (6) potential closure or substantial reduction of the operations of a major state or federal institution; (7) projects in counties with at least a 10% population decline during the period from 2000 to 2010; or (8) other unique economic development opportunities.

(b) All expenditures from the fund shall be for the purposes described in subsection (a) and shall be made in accordance with appropriation acts upon warrants of the director of accounts and reports issued pursuant to vouchers approved by the secretary of commerce or the secretary's designee.
(c) The secretary shall annually make a report on activities of the department related to administration of the job creation program fund and the funding of projects therefor. Such report shall contain specific and aggregate information regarding all expenditures from the fund, projects receiving funds, the amount of funds expended for each project, the reason and purpose described in subsections (a)(1) through (a)(8) for which funding was approved for each project, the number and characteristics of jobs created or retained in Kansas, the number of such jobs created or retained which do not continue to exist and the circumstances and effect of such discontinuance, and any other accomplishments related thereto. The secretary shall present such report to the president of the senate, the speaker of the house, the senate minority leader, the house minority leader, the house committee on taxation, the senate committee on assessment and taxation, the senate committee on commerce and the house committee on commerce and economic development during January of each year.

New Sec. 2. (a) For taxable years beginning after December 31, 2011, a taxpayer may elect to take an expense deduction from Kansas taxable income net income before expensing or recapture allocated or apportioned to this state for the cost of the following property placed in service in this state during the taxable year: (1) Tangible property eligible for depreciation under the modified accelerated cost recovery system in section 168 of the internal revenue code, as amended, but not including residential rental property, nonresidential real property, any railroad grading or tunnel bore or any other property with an applicable recovery period in excess of 25 years as defined under section 168(c) or (g) of the internal revenue code, as amended; and (2) computer software as defined in section 197(e)(3)(B) of the internal revenue code, as amended, and as described in section 197(e)(3)(A)(i) of the internal revenue code, as amended, to which section 167 of the internal revenue code, as amended, applies. If such election is made, the amount of expense deduction for such cost shall equal the difference between the depreciable cost of such property for federal income tax purposes and the amount of bonus depreciation being claimed for such property pursuant to section 168(k) of the internal revenue code, as amended, for federal income tax purposes in such tax year, but without regard to any expense deduction being claimed for such property under section 179 of the internal revenue code, as amended, multiplied by the applicable factor, determined by using, the table provided in subsection (f), based on the method of depreciation selected pursuant to section 168(b)(1), (2), or (3) or (g) of the internal revenue code, as amended, and the applicable recovery period for such property as defined under section 168(c) or (g) of the internal revenue code, as amended. This election shall be made by the due date of the
original return, including any extensions, and may be made only for the
taxable year in which the property is placed in service, and once made,
shall be irrevocable. If the section 179 expense deduction election has
been made for federal income tax purposes for any asset, the applicable
factor to be utilized is in the IRC § 168 (b)(1) column of the table
provided in subsection (f) for the applicable recovery period of the
respective assets.

(b) If the amount of expense deduction calculated pursuant to
subsection (a) exceeds the taxpayer’s Kansas taxable income net income
before expensing or recapture allocated or apportioned to this state, such
excess amount may be carried forward for deduction in the succeeding-
taxable year or years until the total of such amount is used shall be treated
as a net operating loss as provided in K.S.A. 79-32,143, and amendments
thereto.

(c) If the property for which an expense deduction is taken pursuant
to subsection (a) is subsequently sold during the applicable recovery
period for such property as defined under section 168(c) of the internal
revenue code, as amended, and in a manner that would cause recapture of
any previously taken expense or depreciation deductions for federal
income tax purposes, or if the situs of such property is otherwise changed
such that the property is relocated outside the state of Kansas during such
applicable recovery period, then the expense deduction determined
pursuant to subsection (a) shall be subject to recapture and treated as
Kansas taxable income allocated to this state. The amount of recapture
shall be the Kansas expense deduction determined pursuant to subsection
(a) multiplied by a fraction, the numerator of which is the number of years
remaining in the applicable recovery period for such property as defined
under section 168(c) or (g) of the internal revenue code, as amended, after
such property is sold or removed from the state including the year of such
disposition, and the denominator of which is the total number of years in
such applicable recovery period.

(d) The situs of tangible property for purposes of claiming and
recapture of the expense deduction shall be the physical location of such
property. If such property is mobile, the situs shall be the physical location
of the business operations from where such property is used or based. The
situs of computer software shall be apportioned to Kansas based on the
fraction, the numerator of which is the number of the taxpayer’s users
located in Kansas of licenses for such computer software used in the active
conduct of the taxpayer’s business operations, and the denominator of
which is the total number of the taxpayer’s users of the licenses for such
computer software used in the active conduct of the taxpayer’s business
operations everywhere.

(e) Any member of a unitary group filing a combined report may
elect to take an expense deduction pursuant to subsection (a) for an investment in property made by any member of the combined group, provided that the amount calculated pursuant to subsection (a) may only be deducted from the Kansas taxable income net income before expensing or recapture allocated to or apportioned to this state by such member making the election.

(f) The following table shall be used in determining the expense deduction calculated pursuant to subsection (a):
