SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2158

As Amended by Senate Committee on Ways and Means

Brief*

HB 2158, as amended, would allow any school district having authority for ancillary school facilities weighting, cost of living weighting, or declining enrollment weighting to spend the motor vehicle-related revenue derived as a result of these weightings. Current law allows a school district to receive this revenue, but not to spend the revenue.

Background

The original HB 2158 would institute a new process for modifying current performance measures and establishing new standardized performance measures to be used by all state agencies.

The House Committee made two technical amendments to the original HB 2158 and added an exclusion for the University of Kansas Hospital Authority.

The Senate Ways and Means Committee removed the contents of HB 2158 and inserted the contents of SB 21. The original SB 21 was recommended by the Legislative Educational Planning Committee.

Proponents of the original SB 21 included Senator John Vratil and representatives of the Blue Valley, Shawnee Mission, and Olathe school districts.
