The Committee amended the bill to allow a person with one DUI conviction to obtain a class C license and to restrict a person whose license has been revoked for being a habitual violator from obtaining a class C license if, in the last five years, the person has had a test refusal; test failure; "alcohol or drug related conviction," as defined in Kansas law; or conviction for fleeing or eluding a police officer.

The fiscal note indicates passage of HB 2506, as introduced, would require $3,476 from the Department of Revenue Division of Vehicles Operating Fund for the costs associated with modifying the driver's licensing segment of the Division of Motor Vehicles Modernization Project.
