As Recommended by House Committee on
Corrections and Juvenile Justice

Brief*

HB 2600 would allow mental health treatment facilities to disclose information about whether a person is or has been a patient within the last six months when a person has been detained by law enforcement:

- Upon reasonable suspicion that the person is committing, has committed, or is about to commit a misdemeanor or felony, and is suffering from mental illness; and

- When the law enforcement officer has a reasonable belief that such person may benefit from treatment, rather than placement in a correctional institution, jail, juvenile correctional facility, or juvenile detention facility.

Background

In the House Committee on Corrections and Juvenile Justice, Representative Pat Colloton offered testimony in support of HB 2600. No opponents offered testimony.
