

SENATE RESOLUTION No. 1804

A RESOLUTION concerning transportation; requesting a multi-year federal transportation funding program at current funding levels.

WHEREAS, The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) which funds road construction in Kansas was set to expire on September 30, 2009, and has now been extended eight times; and

WHEREAS, A majority of funding for road construction in Kansas comes from federal sources; and

WHEREAS, A lack or reduction of federal funding would stop the Kansas department of transportation from beginning any new road construction projects, and would impact many current road construction projects; and

WHEREAS, A comprehensive long-term transportation funding program is necessary for the Kansas department of transportation to adequately plan and construct roads across the entire state: Now, therefore,

Be it resolved by the Senate of the State of Kansas: That we request Congress to pass a comprehensive multi-year plan to fund highway construction that maintains current funding levels; and

Be it further resolved: That the Secretary of the Senate shall send an enrolled copy of this resolution to the United States department of transportation and the members of the Kansas Congressional Delegation.

Senate Resolution No. 1804 was sponsored by Committee on Transportation.

I hereby certify that the above RESOLUTION originated in the SENATE, and was adopted by that body

President of the Senate.

Secretary of the Senate.
