72-6451. Declining enrollment weighting. (a) As used in this section:

(1) "School district" or "district" means a school district which: (A) Has a declining enrollment; and (B) has adopted a local option budget in an amount which equals at least 31% of the state financial aid for the school district at the time the district applies to the state court of tax appeals for authority to make a levy pursuant to this section.

(2) "Declining enrollment" means an enrollment which has declined in amount from that of the preceding school year.

(b) (1) (A) A school district may levy an ad valorem tax on the taxable tangible property of the district each year for a period of time not to exceed two years in an amount not to exceed the amount authorized by the state court of tax appeals under this subsection for the purpose of financing the costs incurred by the state that are directly attributable to assignment of declining enrollment weighting to enrollment of the district. The state court of tax appeals may authorize the district to make a levy which will produce an amount that is not greater than the amount of revenues lost as a result of the declining enrollment of the district. Such amount shall not exceed 5% of the general fund budget of the district in the school year in which the district applies to the state court of tax appeals for authority to make a levy pursuant to this section.

(B) As an alternative to the authority provided in paragraph (1)(A), if a district was authorized to make a levy pursuant to this section in school year 2006-2007, such district shall remain authorized to make a levy at a rate necessary to generate revenue in the same amount that was generated in school year 2007-2008 if the district adopts a local option budget in an amount equal to the state prescribed percentage in effect in school year 2006-2007.

(2) The state court of tax appeals shall certify to the state board the amount authorized to be produced by the levy of a tax under this section.

(3) The state board shall prescribe guidelines for the data that school districts shall include in cases before the state court of tax appeals pursuant to this section.

(c) A district may levy the tax authorized pursuant to this section for a period of time not to exceed two years unless authority to make such levy is renewed by the state court of tax appeals. The state court of tax appeals may renew the authority to make such levy for periods of time not to exceed two years.

(d) The state board shall provide to the state court of tax appeals such school data and information requested by the state court of tax appeals and any other information deemed necessary by the state board.

(e) There is hereby established in every district a fund which shall be called the declining enrollment fund. Such fund shall consist of all moneys deposited therein or transferred thereto according to law. The proceeds from the tax levied by a district under authority of this section shall be credited to the declining enrollment fund of the district. The proceeds from the tax levied by a district credited to the declining enrollment fund shall be remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the state school district finance fund.

(f) In determining the amount produced by the tax levied by the district under authority of this section, the state board shall include any moneys which have been apportioned to the declining enrollment fund of the district from taxes levied under the provisions of K.S.A. 79-5101 et seq. and 79-5118 et seq., and amendments thereto.
