In SFY 2006, K.S.A 74-8724 established the appropriation for the Veterans Enhanced Service Delivery Program. This program began receiving funds from scratch ticket sales in SFY 2011.

In SFY 2009, the Vietnam Era Veterans' Medallion Program was established by K.S.A 73-1238, which required our agency to set up a fund and take applications for a medal, medallion, and certificate of appreciation for Kansas Vietnam Era Veterans.

State Veterans' Cemetery Program: Kansas Senate Bill 19 passed during the FY 1999 legislative session and was signed by Governor Graves on April 14, 1999. On April 22, 1999, the Kansas Commission on Veterans' Affairs was authorized by K.S.A 73-1232 to establish and maintain a state system of veterans' cemeteries.

❖ **State Approving Agency**

The Kansas Commission on Veterans' Affairs is the State Approving Agency for the State of Kansas. Its' mission is to determine whether an educational institution or training establishment is qualified to provide education or training in accordance with the provisions of the U.S. Code of Federal Regulations.

❖ **13 field offices (throughout the state)**

To help obtain these benefits, the KCVA provides Veteran Service Representatives (VSRs) free-of-charge to assist veterans and their families with applying for benefits. The State VSRs are available in strategic locations across Kansas or through grants provided to National Service Organizations, such as the American Legion and Veterans of Foreign Wars.

❖ **Quality Assurance Office (Wichita)**

The Quality Assurance Program (QA) performs a key role in reviewing claims from field office staff and participating service organizations, thus ensuring veterans' claims meet standards for development and completeness. Quality Assurance is a quality measurement program used by Veteran Services to assess claims actions submitted by the Service Grant Program participants and KCVA field service staff.

❖ **VCAP (grants provided by the state through the KCVA)**

The Veterans Claims Assistance Program awards annual service grants to eligible veteran service organizations (VSOs). The VSO service officers are funded through this program and provide support in the three VA hospitals. Grants are awarded annually through grant agreements entered into with the Kansas Commission on Veterans' Affairs. Each year the agency is required to solicit participation from all veteran service organizations that have a presence in the VA Regional Office in Wichita.

Currently, two chartered veteran service organizations, the American Legion and the VFW, have elected to participate for SFY 2011, SFY 2012, SFY 2013, and SFY 2014.

Kansas Veterans' Cemetery Program

The Cemetery Program provides veterans and their eligible dependents with interment opportunities for burial in any of the four Kansas Veterans' cemeteries. The Cemeteries are located at Fort Dodge, WaKeeney, Winfield, and Fort Riley. The program manages and operates the four veterans' cemeteries, and provides staff support and assistance to veterans statewide regarding their interment options and the procedures for pre-certification.

The Construction of these cemeteries was funded 100% by federal grants from the Department of Veterans Affairs National Cemetery Administration, State Cemetery Grants Programs.

The Agency and its governing Commission believe that veterans deserve to be interred with dignity, respect, and honor for their service. In that regard, the state cemetery is not only a burial site, but also a fitting memorial for service to country, and full compliance with U.S. Department of Veterans Affairs standards ensures that these cemeteries are indeed memorials.

The VA National Cemetery Administration conducted a Triennial review of all four State Veterans Cemeteries during the week of July 9 -13, 2012. All four cemeteries passed the Triennial review and received the *"Excellence of Appearance Award"*.
