The Honorable Lance Kinzer, Chairperson
House Committee on Judiciary
Statehouse, Room 165-W
Topeka, Kansas 66612

Dear Representative Kinzer:

SUBJECT: Fiscal Note for HB 2128 by Representative Sloan

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2128 is respectfully submitted to your committee.

HB 2128 would amend the Kansas Open Records Act by adding to the list of records that are not required to be disclosed to the public by an agency. Records of a utility regarding information about cyber security threats would be exempt, as would information on attacks or general attempts to attack utility operations provided to law enforcement agencies, the Kansas Corporation Commission, the federal Energy Regulatory Commission, the U.S. Department of Energy, the Southwest Power Pool, the North American Electric Reliability Corporation, and the Federal Communications Commission or any other federal, state, or regional organization that has a responsibility for the safeguarding of telecommunications, electric, motor fuel, or natural gas energy supply systems.

The passage of HB 2128 would have no fiscal effect for the Kansas Corporation Commission or the Office of the Attorney General.

Sincerely,

Steven J. Anderson, CPA, MBA
Director of the Budget
