(m) Prior to conducting proceedings under this section, the court may require the minor to participate in an evaluation session with a psychiatrist, licensed psychologist or licensed clinical social worker. Such evaluation session shall be for the purpose of developing trustworthy and reliable expert opinion concerning the minor's sufficiency of knowledge, insight, judgment and maturity with regard to her abortion decision in

order to aid the court in its decision and to make the state's resources available to the court for this purpose. Persons conducting such sessions may employ the information and materials referred to in K.S.A. 65-6708 et seq., and amendments thereto, in examining how well the minor is informed about pregnancy, fetal development, abortion risks and consequences and abortion alternatives, and should also endeavor to verify that the minor is seeking an abortion of her own free will and is not acting under intimidation, threats, abuse, undue pressure or extortion by any other persons. The results of such evaluation shall be reported to the court by the most expeditious means, commensurate with security and confidentiality, to assure receipt by the court prior to or at the proceedings initiated pursuant to this section.

(n) In determining if a minor is mature and well-enough informed to make the abortion decision without parental consent, the court shall take into account the minor's experience level, perspective and judgment. In assessing the minor's experience level, the court shall consider, along with any other relevant factors, the minor's age, experience working outside the home, living away from home, traveling on her own, handling personal finances and making other significant decisions. In assessing the minor's perspective, the court shall consider, along with any other relevant factors, what steps the minor has taken to explore her options and the extent to which she considered and weighed the potential consequences of each option. In assessing the minor's judgment, the court shall consider, along with any other relevant factors, her conduct since learning of her pregnancy and her intellectual ability to understand her options and to make informed decisions.

(o) The judicial record of any court proceedings initiated pursuant to this section shall upon final determination by the court be compiled by the court. One copy of the judicial record shall be given to the minor or an adult chosen by the minor to bring the initial petition under this section. (3) the reasons for granting such petitions;

(4) any subsequent actions taken to protect the minor from domestic or predator abuse;

(5) each minor's state of residence, age and disability status; and

(6) the gestational age of the unborn child if the petition is granted.

(q) (1) A custodial parent or legal guardian of the minor may pursue civil remedies against individuals, including the physician and abortion clinic staff, who violate the rights of parents, legal guardian or the minor as set forth in this section.

(2) Such relief shall include:

(A) Money damages for all injuries, psychological and physical, occasioned by the violation of this section;

(C) statutory damages equal to three times the cost of the abortion; and

(D) reasonable attorney fees.

In the course of reporting suspected child abuse or neglect to the appropriate state authorities, nothing in this section shall abridge or otherwise modify the anonymity or confidentiality provisions of the judicial waiver proceeding as specified in this section.

(s) Nothing in this section shall be construed to create a right to an

abortion. Notwithstanding any provision of this section, a person shall not perform an abortion that is prohibited by law.

Sec. 6. K.S.A. 2013 Supp. 65-6709 is hereby amended to read as follows: 65-6709. - (2) a description of the proposed abortion method;
- (3) a description of risks related to the proposed abortion method, including risk of premature birth in future pregnancies, risk of breast cancer and risks to the woman's reproductive health and alternatives to the abortion that a reasonable patient would consider material to the decision of whether or not to undergo the abortion;
- (4) the probable gestational age of the unborn child at the time the abortion is to be performed and that Kansas law requires the following: "No person shall perform or induce an abortion when the unborn child is viable unless such person is a physician and has a documented referral from another physician not financially associated with the physician performing or inducing the abortion and both physicians determine that: (1) The abortion is necessary to preserve the life of the pregnant woman; or (2) a continuation of the pregnancy will cause a substantial and irreversible physical impairment of a major bodily function of the pregnant woman." - (5) the probable anatomical and physiological characteristics of the unborn child at the time the abortion is to be performed;

- (6) by no later than 20 weeks from fertilization, the unborn child has the physical structures necessary to experience pain.
