

State Employees Retirement Calculation Hold-Harmless; HB 2596

HB 2596 revives a provision concerning state employee retirement and disability benefits that previously expired on June 30, 2007, and permanently reinstates the provision.

The provision holds harmless both the retirement and disability benefits calculations for any state employee member of the Kansas Public Employees Retirement System (KPERs), the Kansas Police and Firemen's (KP&F) Retirement System, or the Retirement System for Judges, if the employee is furloughed or accepted a voluntary reduction in pay during the period of time used for determining benefits.
