

72-6484. Capital outlay state aid; determination; distribution. (a) There is hereby established in the state treasury the school district capital outlay state aid fund. Such fund shall consist of all amounts transferred thereto under the provisions of subsection (c).

(b) For school year 2016-2017, each school district which levies a tax pursuant to K.S.A. 72-8801 et seq., and amendments thereto, shall receive payment from the school district capital outlay state aid fund in an amount determined by the state board of education as provided in this subsection. The state board of education shall:

(1) Determine the amount of the assessed valuation per pupil (AVPP) of each school district in the state and round such amount to the nearest \$1,000. The rounded amount is the AVPP of a school district for the purposes of this section;

(2) determine the median AVPP of all school districts;

(3) prepare a schedule of dollar amounts using the amount of the median AVPP of all school districts as the point of beginning. The schedule of dollar amounts shall range upward in equal \$1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the highest AVPP of all school districts and shall range downward in equal \$1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the lowest AVPP of all school districts;

(4) determine a state aid percentage factor for each school district by assigning a state aid computation percentage to the amount of the median AVPP shown on the schedule, decreasing the state aid computation percentage assigned to the amount of the median AVPP by one percentage point for each \$1,000 interval above the amount of the median AVPP, and increasing the state aid computation percentage assigned to the amount of the median AVPP by one percentage point for each \$1,000 interval below the amount of the median AVPP. The state aid percentage factor of a school district is the percentage assigned to the schedule amount that is equal to the amount of the AVPP of the school district, except that the state aid percentage factor of a school district shall not exceed 100%. The state aid computation percentage is 25%;

(5) determine the amount levied by each school district pursuant to K.S.A. 72-8801 et seq., and amendments thereto; and

(6) multiply the amount computed under subsection (b)(5), but not to exceed 8 mills, by the applicable state aid percentage factor. The resulting product is the amount of payment the school district is to receive from the school district capital outlay state aid fund in the school year.

(c) The state board shall certify to the director of accounts and reports the amount of school district capital outlay state aid determined under the provisions of subsection (b), and an amount equal thereto shall be transferred by the director from the state general fund to the school district capital outlay state aid fund for distribution to school districts. All transfers made in accordance with the provisions of this subsection shall be considered to be demand transfers from the state general fund.

(d) Payments from the school district capital outlay state aid fund shall be distributed to school districts at times determined by the state board of education. The state board of education shall certify to the director of accounts and reports the amount due each school district, and the director of accounts and reports shall draw a warrant on the state treasury payable to the treasurer of the school district. Upon receipt of the warrant, the treasurer of the school district shall credit the amount thereof to the capital outlay fund of the school district to be used for the purposes of such fund.

(e) The provisions of this section shall be part of and supplemental to the classroom learning assuring student success act.

(f) The provisions of this section shall expire on June 30, 2017.

History: L. 2016, ch. 45, § 4; July 1.
