

## Testimony on HB 2220

My name is Regan Tokos and I am a student at Kansas State University. I am strongly opposed to House Bill 2220. This bill seems like the exact opposite of what we need to be doing. As a student, I would prefer if my university had more power to make decisions regarding firearms. I would prefer local control on this issue so that Kansas State University can weigh the pros and cons of allowing guns on campus and make necessary regulations. The law to allow guns on campus makes me very uncomfortable and I know much of the university faculty, staff, and students would prefer control in the hands of the university. This law is terrible. I hate it. Please stop being so awful.
