GOVERNOR JEFF COLYER, M.D.
LARRY L. CAMPBELL, CHIEF BUDGET OFFICER

February 7, 2018

The Honorable Daniel Hawkins, Chairperson
House Committee on Health and Human Services
Statehouse, Room 186-N
Topeka, Kansas 66612

Dear Representative Hawkins:

SUBJECT: Fiscal Note for HB 2600 by House Committee on Health and Human Services

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2600 is respectfully submitted to your committee.

HB 2600 would establish a new category of fees for the Kansas radioactive materials licensees who have multiple sites of use. Currently, one license fee is assessed for a licensee regardless of the number of sites in use. The bill would change that policy to add an additional 50.0 percent of the license fee charged for each additional site. The bill would also increase the limitation for the maximum annual fees for licenses.

According to the Kansas Department of Health and Environment, enactment of HB 2600 would increase fee revenue by \$85,015 for FY 2020 and beyond. Although the bill states that the changes would become effective upon publication in the statute book, upon passage, the agency would need to amend regulations. Fees would become effective in FY 2020. The bill would also increase the maximum fees allowed to be charged for licenses by 35.0 percent, however, the agency currently has no plans to increase fees other than establishing the multiple site fee. Any fiscal effect associated with HB 2600 is not reflected in *The FY 2019 Governor's Budget Report*.

Sincerely,

A handwritten signature in black ink that reads "L. Campbell".

Larry L. Campbell
Chief Budget Officer
