

**MESSAGE FROM THE GOVERNOR  
REGARDING VETO OF SUBSTITUTE FOR HOUSE BILL 2178**

My veto of Substitute for House Bill 2178 is based in my belief that, as the elected public servants of Kansas, we must not choose to resolve budget challenges on the backs of middle income Kansans with retroactive personal income tax increases.

We should be clear about what this bill will do. The proposed tax increase will raise income tax liability for married Kansans filing jointly earning at least \$30,000 per year from 4.6% to 5.25%, and from 4.6% to 5.45% for those married filers earning more than \$100,000 per year. At the same time, income tax rates for small businesses will increase from 0% up to 5.45%, depending on income. More to the point, any single full-time worker earning more than \$9.74 per hour will see an income tax increase.

Working families and small businesses are the backbone of our economy, and we should not punish them.

Moreover, applying a retroactive tax increase on our citizens is irresponsible and will ultimately harm families and individuals who are working to make ends meet. Were this bill to become law, the majority of Kansans would see a significant reduction in their pay check immediately. This is unfair.

I also reject the idea that we must choose to either make large cuts to public education or burden every hard working Kansan with a higher tax rate. This dichotomy is false. In my budget proposal, I suggested modest revenue measures on targeted consumption and taxes paid by businesses. I have also proposed adoption of efficiencies recommended by the study commissioned by the Legislature, all of which result in a structurally balanced budget by Fiscal Year 2019. It is irresponsible to raise taxes on low and middle income Kansans without first ensuring we are doing everything we can to keep the cost of government low.

Kansas has pioneered new ground to generate small business growth and thus create jobs and economic opportunity for more Kansans. We have seen record levels of new business formation and consistently low unemployment. These efforts have been successful, and reversing course now will have a long term negative impact on growing business and opportunity in Kansas. Instead, this bill would raise the tax burden on every small business in the state, create a new tax bracket, raise the income tax liability of Kansans, and would result in undermining the economic health of our state and the opportunity for every Kansan to provide for themselves and their families.

It is our responsibility to make the decisions to build a brighter future for Kansas and to ensure that we do everything we can to provide high quality government service at the lowest cost to Kansans.

Over the coming weeks, I will remain committed to working with legislative leadership to develop a plan that structurally balances our budget without permanently harming hard working Kansans.

Accordingly, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto House Bill 2178.

Dated: February 22, 2017

Signed: Sam Brownback, Governor of Kansas
