AN ACT concerning internet service providers; prohibiting the collection and sale of personal data.

Be it enacted by the Legislature of the State of Kansas:

Section 1. No provider of information services, as defined in 47 U.S.C. § 153, that has entered into a franchise agreement, right-of-way agreement or other agreement with the state of Kansas, or any political subdivision thereof, or that uses any facilities, including transmission lines used to provide information services, that are subject to any such agreement, regardless of whether the provider is a party to such agreement, may collect or otherwise store personal information of a resident of Kansas or sell any personal information of such person's without the express written approval from the person to whom the information pertains when such information is obtained through such person's use of the information services provided by the provider. No provider of information services shall refuse to provide such services to a resident of Kansas on the grounds that such person has not approved the collection, storage or sale of such person's personal information.

Sec. 2. This act shall take effect and be in force from and after its publication in the statute book.
