By Committee on Federal and State Affairs

4-5

1 A PROPOSITION to amend section 1 of the bill of rights of the  
2 constitution of the state of Kansas, relating to equal rights.

3  
4 *Be it resolved by the Legislature of the State of Kansas, two-thirds of*  
5 *the members elected (or appointed) and qualified to the Senate and two-*  
6 *thirds of the members elected (or appointed) and qualified to the House*  
7 *of Representatives concurring therein:*

8 Section 1. The following proposition to amend the constitution of  
9 the state of Kansas shall be submitted to the qualified electors of the state  
10 for their approval or rejection: Section 1 of the bill of rights of the  
11 constitution of the state of Kansas is hereby amended to read as follows:

12 "§ 1. **Equal rights.** All men are possessed of equal and  
13 inalienable natural rights, among which are life, liberty, and the  
14 pursuit of happiness. *Recognizing the authority of the state of*  
15 *Kansas to exercise its police power and its sovereign right to adopt*  
16 *individual liberties in the constitution of the state of Kansas more*  
17 *expansive than those conferred by the constitution of the United*  
18 *States, the state of Kansas shall hereby guarantee the inalienable*  
19 *rights, equal protection and due process of law of every human*  
20 *being from the beginning of the biological development of that*  
21 *human being, including fertilization."*

22 Sec. 2. The following statement shall be printed on the ballot with  
23 the amendment as a whole:

24 "*Explanatory statement.* The purpose of this amendment is to  
25 expand the class of human beings that currently enjoy  
26 inalienable rights, equal protection, and due process of the  
27 law under the constitution of the state of Kansas to every  
28 human being from the beginning of the biological  
29 development of that human being, including fertilization.

30 "A vote for this proposition would amend the Kansas  
31 constitution to explicitly incorporate into it the inalienable  
32 right to life of every human being irrespective of age, race,  
33 gender, health, function, condition of dependency, including  
34 physical or mental dependency, or method of reproduction,  
35 from the beginning of their biological development,  
36 including fertilization. The proposed constitutional

1 amendment also would prohibit the state from discriminating  
2 against any class of human beings in the application,  
3 interpretation and enforcement of its laws.

4 "A vote against this proposition would not amend the  
5 constitution, in which case the current federally mandated  
6 legal status of preborn humans would remain that of a class  
7 of human beings that can intentionally be killed."

8 Sec. 3. This resolution, if approved by two-thirds of the members  
9 elected (or appointed) and qualified to the Senate, and two-thirds of the  
10 members elected (or appointed) and qualified to the House of  
11 Representatives shall be entered on the journals, together with the yeas  
12 and nays. The secretary of state shall cause this resolution to be published  
13 as provided by law and shall cause the proposed amendment to be  
14 submitted to the electors of the state at the general election in November  
15 in the year 2018 unless a special election is called at a sooner date by  
16 concurrent resolution of the legislature, in which case it shall be  
17 submitted to the electors of the state at the special election.
