

2017 Kansas Statutes

8-1,114. Same; lost, misplaced or mutilated base plate or cab card, replacement; information required; fees. (a) Whenever a base plate or an apportioned registration cab card issued to an owner of a fleet vehicle registered under the provisions of this act has been lost, misplaced or mutilated, such fleet owner shall replace the identification device by filing with the division of vehicles a statement signed by an officer of the company or corporation which shall provide: (1) The serial number of the identification device being replaced; (2) the type of identification device lost, misplaced or mutilated; (3) a description of the vehicle by year of manufacture; (4) the name of the manufacturer; and (5) the identification or serial number of the vehicle to which such identification device was originally issued. The statement shall be accompanied by a replacement fee of \$3 for a replacement base plate or \$1 until January 1, 1995, and \$3 thereafter, for a replacement apportioned registration cab card.

(b) On and after January 1, 1995, an apportioned registration cab card shall be reissued when additional jurisdictions are added or weight limits are modified. A cab card shall be reissued upon the payment of a fee of \$1.
