

February 20, 2019

The Honorable Joe Seiwert, Chairperson
House Committee on Energy, Utilities and Telecommunications
Statehouse, Room 481-W
Topeka, Kansas 66612

Dear Representative Seiwert:

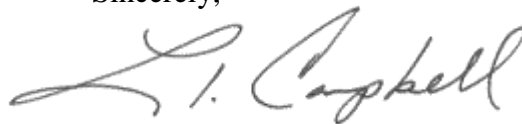

SUBJECT: Fiscal Note for HB 2240 by Representative Victors

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2240 is respectfully submitted to your committee.

HB 2240 would amend existing law concerning oil and gas wells to add the definition of a “class II disposal well,” and prohibit such a well from being located above a known fault line and from posing a direct risk of induced seismic activity. The bill would also require that the Kansas Corporation Commission create rules and regulations to ensure that these requirements are carried out.

According to the Kansas Corporation Commission, enactment of HB 2240 would not result in additional expenditures or revenues for the agency.

Sincerely,

Larry L. Campbell
Director of the Budget
